

Name of the Programme	Name of the Course	Cross Cutting Issue
Bachelor of Medicine & Surgery (MBBS)	Anatomy	Environment and Sustainability, Human Values,
	Physiology	Human Values, Health Determinants, Professional Ethics
	Biochemistry	Environment and Sustainability, Health Determinants, Professional Ethics
	Pharmacology	Health Determinants, Right to Health Issues, Professional Ethics
	Pathology	Human Values
	Microbiology	Environment and Sustainability, Professional Ethics
	FMT	Human Values
	Community Medicine	Health Determinants, Emerging demographic changes,
	ENT	Human Values
	Ophthalmology	Human Values
	General Medicine	Human values , Right to Health Issues, Professional Ethics
	General Surgery	Environment and Sustainability, Professional Ethics Human values , Right to Health Issues
	Obs./Gyn.	Gender, Human Values, Health Determinants, Right to Health Issues, Emerging demographic changes, Professional Ethics
	Pediatrics	Gender ,Human values, Health Determinants
M.D. Anatomy	Paper I To IV	Environment and Sustainability, Human Values,
M. D. Physiology	Paper I To IV	Human Values, Health Determinants, Professional Ethics
M. D. Pathology	Paper I To IV	Human Values
M. D. Microbiology	Paper I To IV	Environment and Sustainability, Professional Ethics
M.D. Pharmacology	Paper I To IV	Health Determinants, Right to Health Issues, Professional Ethics
M. D. Community Medicine	Paper I To IV	Health Determinants, Emerging demographic changes,

M.D. general Medicine	Paper I To IV	Human values , Right to Health Issues, Professional Ethics
M. D. Pediatrics	Paper I To IV	Gender ,Human values, Health Determinants
M. S. General Surgery	Paper I To IV	Environment and Sustainability, Professional Ethics Human values , Right to Health Issues
MD Radio Diagnosis	Paper I To IV	Human Values
MS Obs./Gyn.	Paper I To IV	Gender, Human Values, Health Determinants, Right to Health Issues, Emerging demographic changes, Professional Ethics
MD Anesthesia	Paper I To IV	Human Values
MS Orthopedics	Paper I To IV	Human Values
MS ENT	Paper I To IV	Human Values
MS Ophthalmology	Paper I To IV	Human Values
MD Dermatology	Paper I To IV	Human Values
M. D. Biochemistry	Paper I To IV	Environment and Sustainability, Health Determinants, Professional Ethics
Bachelor of Dental Surgery (BDS)	Public Health Dentistry	Gender, Environment and Sustainability, Human Values, Health Determinants, Right to Health Issues,, Emerging demographic changes, Professional Ethics
Bachelor of Physiotherapy	Human Anatomy	Gender
	Human Physiology	Gender
	Biochemistry	Health Determinants
	Pharmacology	
	Pathology & Microbiology	Rigth to Health Issues, Health Determinants
	Exercise Therapy	Health Determinants
	Electro Therapy	Health Determinants
	Psychology	Gender, Human Values, Health Determinants, Right to Health Issues, Emerging demographic changes, Professional Ethics
	Surgery & Orthopedics	Human Values, Health Determinants
	Medicine	Human Values, Health Determinants
	Obstetrics & Gynecology	Human Values, Health Determinants
	Physical Diagnosis & Manipulative skills	Human Values, Health Determinants, Right to Health Issues
	Community Health Sociology and Biostatics	Gender, Environment and Sustainability, Human Values, Health Determinants, Emerging demographic changes, Professional Ethics

	Psychiatry	Gender, Human Values, Health Determinants, Right to Health Issues,, Emerging demographic changes, Professional Ethics
	Pediatrics	Gender, Health Determinants, Right to Health Issues,, Emerging demographic changes,
	Physiotherapy in Musculoskeletal Condition	Gender, Environment and Sustainability, Human Values, Health Determinants, Right to Health Issues,, Emerging demographic changes, Professional Ethics
	Physiotherapy in Neurosciences	Gender, Environment and Sustainability, Human Values, Health Determinants, Right to Health Issues,, Emerging demographic changes, Professional Ethics
	Physiotherapy in General Medicine & Surgical conditions	Gender, Environment and Sustainability, Human Values, Health Determinants, Right to Health Issues,, Emerging demographic changes, Professional Ethics
	Physiotherapy in Community Health	Gender, Environment and Sustainability, Health Determinants, Right to Health Issues,, Emerging demographic changes
	Ethics and Principles in Physiotherapy Practice	Human Values, , Right to Health Issues,, Professional Ethics
M. P. Th. Musculo-skeletal Science	Basic Sciences	Gender, Health Determinants,
	Basic Therapeutics	Gender, Human Values, Health Determinants, Right to Health Issues
	Advanced Therapeutics	Human Values, Right to Health Issues,, Emerging demographic changes, Professional Ethics
	Biostatistics & Research Methodology	Human Values, Right to Health Issues,, Emerging demographic changes, Professional Ethics
	General Physiotherapy	Human Values, Health Determinants, Right to Health Issues,, Emerging demographic changes,
	Speciality Subject - Musculo-skeletal Science	Human Values, Health Determinants, Right to Health Issues,, Emerging demographic changes,
M. P. Th. Neuro Science	Basic Sciences	Gender, Health Determinants,
	Basic Therapeutics	Gender, Human Values, Health Determinants,
	Advanced Therapeutics	Health Determinants,

	Biostatistics & Research Methodology	Human Values, Right to Health Issues,, Emerging demographic changes, Professional Ethics
	General Physiotherapy	Human Values, Health Determinants, Right to Health Issues,, Emerging demographic changes,
	Speciality Subject -Neuro Sci.	Human Values, Health Determinants, Right to Health Issues,, Emerging demographic changes,
M. P. Th. Cardio – Pulmonary Science	Basic Sciences	Gender, Health Determinants,
	Basic Therapeutics	Gender, Human Values, Health Determinants,
	Advanced Therapeutics	Health Determinants,
	Biostatistics & Research Methodology	Human Values, Right to Health Issues,, Emerging demographic changes, Professional Ethics
	General Physiotherapy	Human Values, Health Determinants, Right to Health Issues,, Emerging demographic changes,
	Cardio – Pulmonary Science	Human Values, Health Determinants, Right to Health Issues,, Emerging demographic changes,
M. P. Th. Pediatric Neurology	Basic Sciences	Gender, Health Determinants,
	Basic Therapeutics	Gender, Human Values, Health Determinants,
	Advanced Therapeutics	Health Determinants,
	Biostatistics & Research Methodology	Human Values, Right to Health Issues,, Emerging demographic changes, Professional Ethics
	General Physiotherapy	Human Values, Health Determinants, Right to Health Issues,, Emerging demographic changes,
	Speciality Subject - Pediatric Neurology	Human Values, Health Determinants, Right to Health Issues,, Emerging demographic changes,
M. P. Th. Community Health	Basic Sciences	Gender, Health Determinants,
	Basic Therapeutics	Gender, Human Values, Health Determinants,
	Advanced Therapeutics	Health Determinants,
	Biostatistics & Research Methodology	Human Values, Right to Health Issues,, Emerging demographic changes, Professional Ethics
	General Physiotherapy	Human Values, Health Determinants, Right to Health Issues,, Emerging demographic changes,
	Speciality	Human Values, Health Determinants,

	Subject - Community Health	Right to Health Issues,, Emerging demographic changes,
Basic B. Sc. Nursing	Nursing Foundation	Gender, Environment and Sustainability, Human Values, Health Determinants, Right to Health Issues, Professional Ethics
	Psychology	Human Values,
	Sociology	Environment and Sustainability, Human Values, Health Determinants, Right to Health Issues,, Emerging demographic changes, Professional Ethics
	Community Health Nursing	Health Determinants
	Child Health Nursing	Environment and Sustainability, Human Values, Health Determinants, Right to Health Issues,, Emerging demographic changes, Professional Ethics
	Mental Health Nursing	Gender, Environment and Sustainability, Human Values, Health Determinants, Emerging demographic changes
	Nursing Research & Statistics	Human Values, Health Determinants,
	Community Health Nsg - II	Right to Health Issues,, Emerging demographic changes,
	Midwifery & Obstetrical Nursing	Gender, Human Values, Health Determinants, Right to Health Issues Professional Ethics
	Management of Nursing Services & Education	Professional Ethics
Post Basic B. Sc. Nursing	Nursing Foundation	Environment and Sustainability, Human Values, Health Determinants, Emerging demographic changes, Professional Ethics
	Maternal Nursing	Gender, , Human Values, Health Determinants, Right to Health Issue, Professional Ethics
	Child Health Nursing	Human Values, Professional Ethics
	Community Health Nursing	Environment and Sustainability, Health Determinants, Professional Ethics
	Introduction to Nursing Service Administration	Environment and Sustainability, Professional Ethics
	Mental Health Nursing	Human Values, Professional Ethics
	Introduction to Nursing Research & Statistics (CEX)	Professional Ethics
	Sociology	Human Values, Health Determinants, Emerging demographic changes

Medical Surgical Nursing	Nursing Education	Human Values,
	Advance Nursing Practice	Gender, Environment and Sustainability, Human Values, Health Determinants, Right to Health Issues, Professional Ethics
	Medical Surgical Nursing	Right to Health Issues, Professional Ethics
	Nursing Research and Statistics	Health Determinants, Right to Health Issues Professional Ethics
	Nursing Management	Environment and Sustainability, Human Values Right to Health Issues Professional Ethics
	Medical Surgical Nursing	Human Values
Obstetrics & Gynecology Nursing	Nursing Education	Gender, Health Determinants
	Advance Nursing Practice	Gender, Human Values,
	Obstetrics & Gynecology Nursing	Gender, Human Values Right to Health Issues, Professional Ethics
	Research and Statistics	Human Values
	Nursing Management	Health Determinants, Right to Health Issues
	Obstetrics & Gynecology Nursing	Gender, Environment and Sustainability, Human Values, Health Determinants, Right to Health Issues, Emerging demographic changes,
Child Health(Pediatrics) Nursing	Nursing Education	Health Determinants
	Advance Nursing Practice	Right to Health Issues
	Child Health (Pediatrics) Nursing	Human Values, Right to Health Issues
	Research and Statistics	Human Values
	Child Health (Pediatrics) Nursing	Gender, Environment and Sustainability, Human Values, Health Determinants, Right to Health Issues, Emerging demographic changes,
Community Health Nursing	Nursing Education	Emerging demographic changes,
	Advance Nursing Practice	Right to Health Issues
	Community Health Nsg.	Gender, Environment and Sustainability, Human Values, Health Determinants, Right to Health Issues, Emerging demographic changes .
	Research and	Gender, Environment and Sustainability

	Statistics	
	Nursing Management	Human Values
	Community Health Nsg.	Gender, Environment and Sustainability, Human Values, Health Determinants, Right to Health Issues, Emerging demographic changes
Mental health(Psychiatric) Nursing	Nursing Education	Human Values
	Advance Nursing Practice	Gender
	Mental Health Nursing	Human Values, Professional Ethics
	Research and Statistics	Environment and Sustainability, Human Values
	mental Health Nursing	Gender, Environment and Sustainability, Human Values, Health Determinants, Right to Health Issues, Emerging demographic changes, Professional Ethics
M.Sc. in NPCC	Research application and Evidence based practice in critical care	Gender, Human Values, Right to Health Issues, Professional Ethics
	Advanced skills in leadership, management and teaching	Gender, Human Values, Right to Health Issues, Professional Ethics
	Advance Practice Courses Advanced Pathophysiology & Advanced pharmacology relevant to critical care nursing	Gender, Human Values, Right to Health Issues, Professional Ethics
	Advanced health/physical assessment	Human Values, Right to Health Issues, Professional Ethics
	Foundations of Critical Care Nursing Practice	Human Values, Right to Health Issues, Professional Ethics
	Critical Care Nursing I	Gender, Human Values, Right to Health Issues, Professional Ethics
	Critical Care Nursing II	Gender, Human Values, Right to Health Issues, Professional Ethics
M.Sc. Biotechnology	Microbiology & Immunology-I	Environment and Sustainability, Right to Health Issues
	Enviromental	Environment and Sustainability

	Biotechnology	
M.Sc. Microbiology	Medical Microbiology & Immunology-I	Environment and Sustainability, Right to Health Issues
	Enviromental and Applied Microbiology	Environment and Sustainability
B. Pharmacy	Human Anatomy and Physiology I and II Remedial Biology	Gender
	Environmental Sciences	Environment and Sustainability
	Pharmaceutical Jurisprudence	Right to health Issue Professional ethics
	Pathophysiology	Health Determinants
	Biochemistry	Health Determinants
	Pharmacology	Health Determinants
