REPORT OF
WORKSHOP ON VENTILATION

DATE: 27/09/2015

VENUE: KIMS, KARAD.

ORGANISERS: Department of MEDICINE KIMS Karad.

The programme started in the morning at 9 AM, with delegates getting themselves registered followed by Breakfast. At 9.45 am the inauguration programme was started. The Dignitaries on the dias,

Dignitary	Designation
Dr. A.V. NADkarni	Hon'ble Vice- chancellor, KIMSUDU Karad
Dr. M.V. Ghorapade	Registrar KIMSUDU, Karad
Dr. S.T.Mohite	Dean Krishna Hospital
Dr. A.Y.Kshirsagar	Medical Director Krishna Hospital
Dr. Swati Aundhkar	Organising Chairman Of The Workshop
Dr. Aparna Patange	Secretary

Goddess Saraswati was invoked by Lamp kindling & reciting a shloka. Dr. Swati Aundhakar Welcomed Dr. A.V. Nadkarni with a boquet. Dr. V.C. Patil welcomed to Dr. M.V. Ghorpade with a boquet. Dr. A.P.Patange welcomed Dr. S.T.Mohite, DEAN to the Workshop with a floral boquet. Dr. Shilpa Patil welcomed Dr. A.Y.Kshirsagar, Medical director with a floral boquet. Dr. Rahul patil welcomed Dr. Sanjay Patil, with a floral boquet. Dr. Makarand Mane welcomed Dr. V.C. Patil with a floral boquet. Dr. Amit botre welcomed Dr. Balasaheb Pawar with a boquet.

A brief introduction was given regarding the state of art technology available under department of Medicine at KIMS. Equipped with 20 + Ventilators & 6 Modern ICU's - Department of medicine, Krishna hospital is proud in providing the best services to patients in and around karad.

PRE TEST papers were given to the delegates and later collected back.

Later inaugural speech was given by Dr. V. C. Patil.

Vote of thanks was presented by Dr. Aparna Patange .

Dean
Krishna Institute of Medical Sciences,
KIMSUDU, Karad

All the dignitaries were thanked for sparing their valuable time for the workshop.

SESSION	TIME	TOPIC	SPEAKER	CHAIR PERSON
1	10.00-10.45 AM	Basics of Mechanical Ventilation-Modes and settings	Dr. Balasaheb Pawar	Dr. V.C. Patil
2	10.45-11.30 AM	Ventilation Strategies in a Patient with ARDS	Dr. Pradip Dalvi	Dr. Aparna Patange
3	11.30-12.15 PM	Ventilating a patient with Obstructive Air Way disease	Dr. Balasaheb Pawar	Dr. S.C. Aundhakar
4	12.15-1.00 PM	Weaning a patient from Ventilator	Dr. Pradip Dalvi	Dr. S.T Thorat
5	1.00-2.00 PM	Lunch Break		
6	2.00- 2.45 PM	Basics of graphics and loops		
7	3.00- 4.45 pm	Work Station		
8	4.45-5.00 PM	Vote of Thanks		

Discussion took place at the end of every session. Every session was brilliant, all the delegates especially the residents were enthusiastic in participating in discussion.

POST TEST papers were given to the delegates at the end of 4th session and later collected back.

Few questions asked by the delegates to the speakers,

- 1) How to wash out CO₂ in a patient with CO₂ narcosis?
- 2) Ventilation strategies in Reactive airway diseases?
- 3) Base deficit significance?

Beautiful experiences shared by the speakers

- 1) How one of the speaker identified Intestinal fistula in a post-operative patient just by seeing ABG.
- 2) Newer ventilation strategies in ARDS based on Speakers experiences.
- 3) Why Alarms are significant and internal part of ventilators?

Chair persons at the end of every session threw some light on the topics as well from their aspect. All the speakers & Chair persons were felicitated at the end of each session.

Dean

Photographic session took place from 12 pm to 1.00 pm where all the speakers, organisers & delegates participated.

Lunch break commenced at 1.00 pm and continued till 2.00 pm. A variety of vegetarian dishes were served. All the delegates were happy to have delicious food that was being served to them. During the lunch residents discussed with the speakers regarding their doubts and routine problems faced with mechanical ventilation.

After Lunch

There was a Discussion regarding all the Pre/Post test questions by all the 3 speakers. All the delegates, be it Residents or Consultants actively participated in the discussion. All the doubts of the delegates were in detail discussed by the Speakers. There was a detailed session on Ventilation strategies in ARDS by Dr. Balasaheb Pawar.

Later Dr. Balasaheb Pawar and Pradip Dalvi assisted by Dr. Aparna Patange conducted hands on workshop lesson on ventilators starting from the basics relating with all the clinical scenarios.

The session ended at 5.00PM in the evening with all the delegates satisfied with amount of knowledge gained and the speakers satisfied with the response from delegates.

All the delegates at the end requested for similar kind of clinical workshops to be conducted frequently by the department of medicine and congratulated the organising team for conducting such an extraordinary workshop.

Department of Orthopaedics

Report of "SPINE CME" 21ST JANUARY 2016

Orthopaedics department of Krishna Institute of Medical Sciences organized a CME on 21ST JANUARY 2016 with the name "SPINE CME". It was arranged in S1 hall of the college which was attended by 96 delegates from Kolhapur, Sangli, Satara and Pune district.

Experts review of common Spine related diseases, clinical evaluation & management Including brief review of Surgical Procedure with Hands on Training on saw bone models.

Dr. Ketan Kurjekar MS DNB, MNAMS, MCH (UK) Fellow AO Spine Chief Spine Surgeon Sanchheti Hospital, Pune, spoke on 1. Lumbar Disc Herniation & Its Management.

Dr Navdeep Lokare assistant Professor, KIMSDU, Karad, spoke on 1) Decision making in management of Thoracolumbar Trauma.

Dr. Nagesh Naik Professor, Bharti Vidyapeeth University, sangli, spoke on Cervical myelopathy and its management.

Dr Resident KIMSDU, Karad, presented cases which discussed & recent literature references were also discussed.

The CME started at 10am and was over by 5.00pm. It was inaugurated at the hands of the head of department Dr. Pradeep Kulkarni.

Breakfast, tea & lunch was arranged during the CME.

Attendance register was kept; every delegate was given CME certificate.

REPORT OF 'SYMPOSIUM ON PAIN MANAGEMENT'

The Symposium –Pain Management was organized on 22th Jan 2016 at KIMSDU with the aim of teach, train and transfer. The Symposium was organized by Dept of Pharmacology, primarily for clinicians, students who included doctors, dentists & nurses of Krishna hospital.

A total of 34 participants enrolled, successfully completed the program and received the certificate for the Symposium on pain management.

Program started with 9.00 am to 9.30 am Registration, Breakfast and Pretest. There was 09:30 am to 10:00 am inauguration of the conference with invocation of Almighty, lamp lighting and Inaugural address.

The faculties spoke as per the program.

10.00-10.45 am AN OVERVIEW OF PAIN Dr.Sheetal Desai.

10.45-11.30 am Acute Pain Management -post operative/ acute trauma Dr. Amol Kodollikar.

11.30am -12.15 pm Labour analgesia Dr.Sumati Kulkarni

12.15-1.00 pm Panel Discussion

2.00-2.45 pm Chronic Pain and Concept of Pain Management Clinic Dr. Sandeep Kadam.

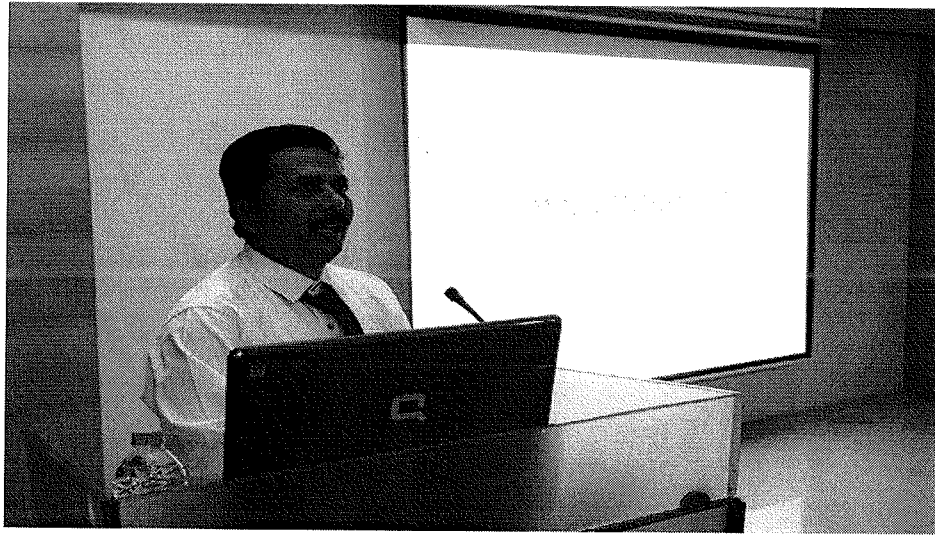

2.45-3.30 pm Interventional Pain management in low back pain Dr.Vijay Chavan.

3.30-4.15 pm Management of Cancer Pain Dr. Rashmee Chavan

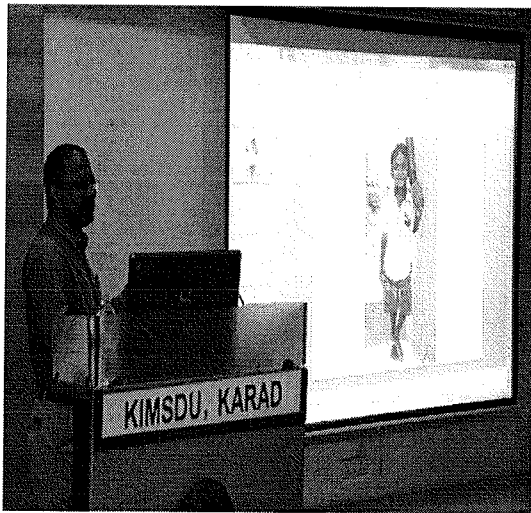

This symposium let the participants understand the pain better from physiology to the recent interventions/strategies to reduce the pain of different aetiology.

The breaks were as 9.00 am to 10 am Tea Break, 1:00 pm to 2:00 pm Lunch Break, 4:30 pm to 4:45 pm Tea Break.

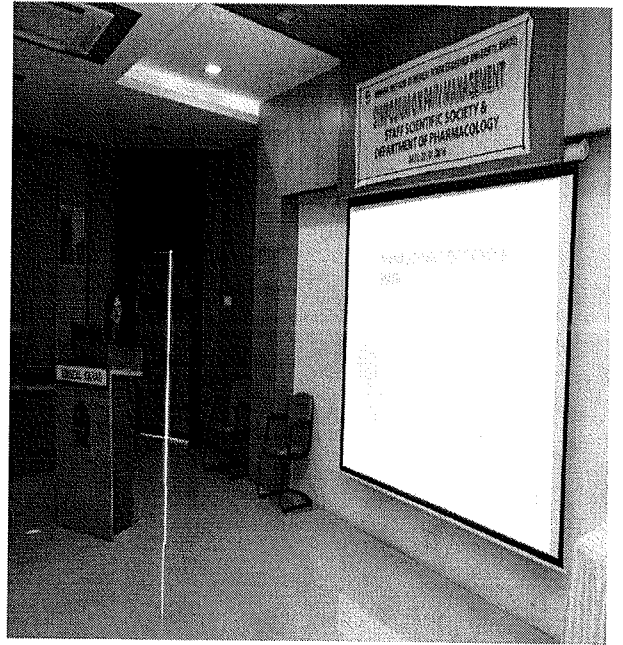

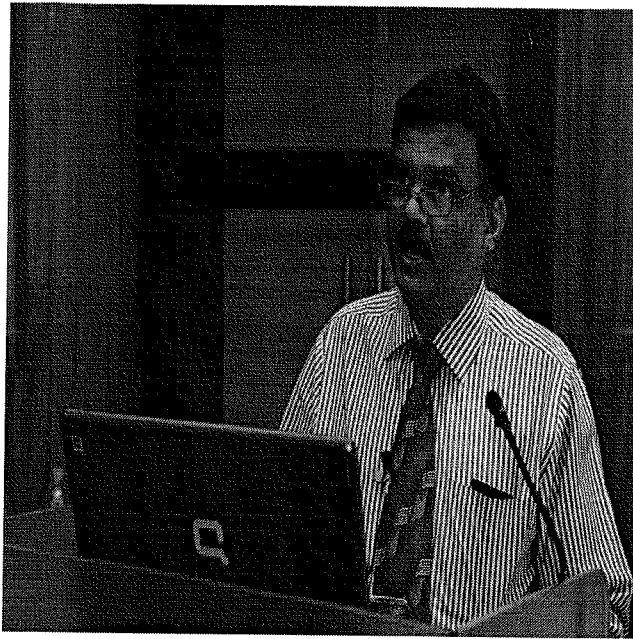

Thanks to staff members, Dean's office, IT dept, Electrical Dept, Civil office and all others for their valuable support. We also thank KIMS University Vice Chancellor, Registrar and Finance's Office for their timely help. Pre-test & Post test was conducted and analysis was done.

DEPARTMENT OF PATHOLOGY
CME on Oncopathology
Report

Date: - 21st Feb, 2016 Sunday

Department of Pathology organized one day CME on Oncopathology "Approach to CNS Lesions" by Guest speaker Dr. Meghana Chougule, Consulting Pathologist from DR. D. Y. Patil University, Kolhapur. She gave excellent presentation on various CNS lesions with emphasis on recent update on CNS Neoplasms with advances in laboratory diagnostic methods using ancillary techniques. Detail discussion on various CNS tumor markers & role of IHC was done. Recently added CNS tumors in new WHO classification were discussed.

DR.Chougule also conducted Slide Seminar on CNS with various non-neoplastic & neoplastic lesions. Interesting cases with Differential diagnosis on CNS lymphomas, meningiomas, variants of astrocytomas, medulloblastoma rare subtypes, vascular neoplasm etc.

There was lecture by DR.Sujata R. Kanetkar on "Oral Squamous Lesions – How to minimize pitfalls." DR.S.R.Kanetkar described variety of oral squamous lesions and use of different biopsy techniques for the accurate diagnosis.

She explained importance of every step in histopathology using different case studies. She also elaborated prognostic Significance. DR. Mrs. S. R. Desai & DR.M.A. Patil Chaired the Sessions.

E Poster Competition was also conducted in the CME. DR. Mahadeo Mane Associate Prof D.Y. Patil Medical College was the Judge for the same.

Residents from Department of Pathology, Surgery & Neurosurgery of KIMS, Karad along with resident from Oral Pathology department of School of Dental Sciences attended the CME. From DR. D .Y. Patil Medical College three Teaching Staff & six residents attended the CME.

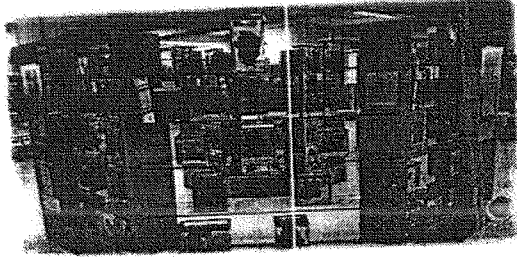

For this academic event Felicitation & vote of thanks was given by Dr. Sunil V. Jagtap, Professor Department of Pathology.

Sub: Report on National CME on Tuberculosis.

National CME on Tuberculosis was jointly organized by Krishna Institute of Medical Sciences Deemed University, Karad and District Tuberculosis Centre Satara, Directorate of Health Services, Maharashtra, India, on 27th February 2016 in S1 Hall, Krishna Institute of Medical Sciences, Karad. The theme of the CME was “Situational Analysis and Recent Advances in Multidrug Resistant Tuberculosis”.

Delegates from Dist. Satara, Sangli, Kolhapur, Ratnagiri and Dist Pune were attended the CME. Total registrations made were 472. National level resource persons were the speakers to deliver the lectures.

The Gathering was welcomed by the Organizing Secretary Dr Vaishali Raje, Prof. Community Medicine. The CME was inaugurated by the hands of Chief Guests Dr Sanjeev Kamble STO Maharashtra, Jt Director, TB and Leprosy and Dr R. K. Ayachit, Director of Health Sciences, KIMSDU. Dr R. K. Ayachit addressed all the delegates on theme of the CME.

The theme oriented speech was given by Dr. Mrs. Belle, Scientist “C” NIRT, ICMR Cennai. Situation of tuberculosis in Satara Dist., Maharashtra State, and India was presented by Dr Lale, DTO, Satara, Dr Sanjeev Kamble, Jt Director (TB & Leprosy) Govt of Maharashtra and Dr Sunil Khaparde, DDG (TB), Govt of India respectively. “Updates on TB vaccine research” was given

by Dr Sriram Selviraju Scientist "C" NIRT, ICMR Chennai. Dr Rajabhau Yeole, WHO Consultant spoke on "Standards for tuberculosis care in India. While Dr Amita Joshi Prof Microbiology and Dr N N Ramraje Prof TB & Chest, JJ Hospital & GMC Mumbai covered the topics "Genomes on drug resistant tuberculosis" and "Contact tracing in tuberculosis" respectively.

All the topics were covered as per the schedule. The CME ended by Valedictory function.

This report is submitting for your information.

Thanking you.

Name of the Topic : "AESTHETICS IN IMPLANTS"

Date: 29/02/2016

Time: 10.00 AM to 5.00 PM

Venue : School of Dental Sciences, KIMSDU, Karad

Name of the Speaker : Dr Santosh Nelogi

Renowned Prosthodontist and Implantologist from Belgavi

No. of Participant : 110

Introduction of Programme : Department of Prosthodontics, crown & bridge has conducted a CDE program on "AESTHETICS IN IMPLANTS" for dental students and faculty. The CDE lecture was delivered by eminent speaker, renowned Prosthodontist and Implantologist **Dr Santosh Nelogi**. The CDE program was conducted in the evening 10.00 am to 5.00 pm on 29th Feb 2016. A total of 110 participants attended the program, including UG & PG students, intern & teaching staff. It covered the basic concepts about aesthetics in dental implants and various factors affecting the same.

Includes Level of Event - College level

Organized individually by: Department of Prosthodontics, SDS, KIMSDU, Karad

Schedule of the Programme : Introduction of guest speaker followed by main lecture, post test and felicitation.

Objectives of the Programme : 1. To educate students about aesthetics in implants.

Brief Description of the Programme : The program was very informative and interactive. Before and after the lecture Pre-test & Post-test was conducted respectively. After the program. HOD Of Dept.of Prosthodontics, Crown & Bridge Dr. Pronob Sanyal presented a memento to the Guest speaker.

Name of the Topic : "Journey from Odontogenesis to Tumourogenisis"

Date: 01/03/2016

Time: 10:00 AM – 5:00 PM

Venue : Department of Oral Pathology and Microbiology, School of Dental Sciences, Karad

Name of the Speaker : Dr.Priya Joshi, Professor and HOD, Dept of Oral Pathology and Microbiology, Vasantdada Patil Dental College and Hospital, Sangli.

No. of Participant : 82

Introduction of Programme : Knowledge needs to flow like a stream, enriching minds and nurturing new ideas. We at the Department of Oral Pathology and Microbiology strive to achieve this goal by not only providing quality education but also endeavour to make our students aware of the emerging aspects of the subject for enhanced understanding of scientific concepts. With this in mind a CDE on a subject that is distinct to our fraternity was chosen. Odontogenesis and the tumours associated are unique because of their association with the tooth forming apparatus. Hence it is of utmost importance that the students have a good understating of the developmental and histogenesis related concepts of Odontogenesis and Odontogenic tumours. The speaker Dr Priya Joshi with her excellent communicational skills and expertise in the subject did complete justice to the concept we had chosen and delivered a extremely infomlative lecture titled "**Journey from Odontogenesis to Tumourogenisis**" which was appreciated by students and staff alike.

Includes Level of Event - College level

Organized Individually by : Department of Oral Pathology and Microbiology, School Of Dental Sciences, Karad

Schedule of the Programme : Introduction of guest speaker, main lecture, post test was recorded and felicitation of guest speaker.

Objectives of the Programme : 1. the students have a good understating of the developmental and histogenesis related concepts of Odontogenesis and Odontogenic tumours.

Brief Description of the Programme A total of 82 delegates were present that included undergraduate, postgraduate students and staff of School of Dental Sciences, KIMSDU, Karad. Pre and post tests were distributed before and after the lecture. In preparation of the programme an expert committee was formulated for validation of the pre and post test. The validated pre and post tests were distributed before and after the lecture. The results were evaluated pre test 52.7% , Post test 59.2% and Absolute Learning Gain 6.5%

WORKSHOP ON NEONATAL VENTILATION AND PLACEMENT OF PICC LINES

The WORKSHOP ON NEONATAL VENTILATION AND PLACEMENT OF PICC (Peripherally Inserted Central Catheter) LINES was hosted by department Of Pediatrics, KIMS, Karad on 27TH March 2016.

1. Total number of delegates registered were 54 (including external delegates), excluding speakers. Speakers came from all over the state.
2. The workshop was hosted by Dr. Tushar Parekh (DM NEONATOLOGY), CONSULTANT NEONATOLOGIST, KEM and Columbia Asia Hospital Pune and with his team.
3. The workshop included classes on basics of neonatal mechanical ventilation and science of CPAP (continuous positive airway pressure).
4. PICC LINE placement video demonstration was done following the classes.
5. In addition to lectures as per the circular, cases were discussed after 3 pm.
6. Pre-test was conducted before the start of workshop in which the performance of delegates was 40%.

S.NO	NAME OF WORK SHOP	PARTICIPANTS	NO: OF SPEAKERS
1.	Setting of bubble CPAP	54	1
2.	PRACTICE on MANNEQUIN PICC PLACEMENT	54	1

7. After workshop Post-test was conducted in which the performance of delegates improved to 85%.
8. Post lunch, discussion on "MANAGEMENT ON RDS CURRENT CONCEPTS" was held.
9. The workshop ended with speech on "NEWER VENTILATION STRATEGIES" followed by vote of thanks by Dr.Aundhakar.

PROGRAM

Department of Pathology is organizing a one day Workshop on Grossing in Surgical Pathology by Dr Swati Deshmukh, Surgical Pathologist from Pune.

Venue: Seminar Hall & Practical Hall, Dept of Pathology

Date: 3rd April, 2016.

Time: 10 AM - 5 PM

TIME	TOPIC
10-11 am	Lecture on Importance of Grossing in Surgical Pathology- Dr. Swati Deshmukh
TEA BREAK	
11.30-1.30 pm	Grossing Techniques (Hands on) - Breast and Female Genital System
LUNCH BREAK

Report of the Program

Workshop on "Grossing in Surgical Pathology" By Dr Swati Deshmukh, Surgical Pathologist from Pune was organized for Post Graduate students and staff of Department of Pathology on 3rd April 2016. It was Hands on workshop.

In the beginning Dr. Deshmukh delivered a lecture emphasizing importance or value of good grossing techniques in the accurate diagnosis in Surgical Pathology. She also showed various techniques as per organ systems and according to requirement of disease eg Cancer- Radical Dissection and Importance of sections for involvement of margins by Cancer.

During the total three sessions, she demonstrated Grossing Techniques on following organ systems with Hands on to third year residents. Dr Swati had brought many oncology specimens from her collection for demonstration and few she donated to the Department of Pathology.

Following organ systems were studied.

Breast, Female Genital System , Male Genital System , Renal lesions Respiratory systems and GastroIntestinal System and Bone and soft tissue tumours – Grossing Techniques were demonstrated. Total 31 participants attended the workshop.

Program ended with vote of thanks by Dr S.V.Jagtap, Professor of Pathology

Event Report

Name of the Topic: "Time management' program"

Date: 29/4/16

Time: 10:00 AM- 5 PM

Venue: School of Dental Sciences, Karad

Name of the Speaker: Mr. Tushar Kadam (Administrator Officer) KIMSDU, Karad

No. of Participant: 30

Introduction of Programme: 'Time management' program was conducted on 15/4/16 for teaching and non-teaching (technical staff members. The lecture was started with introduction given by HOD of oral pathology – Dr. Nupura Vibhute and chaired by Principal of school of dental sciences and representative of Maharashtra state dental council Dr. Shashikiran ND.

Includes Level of Event - College level

Organized Individually by: School of Dental Sciences, Karad

Schedule of the Programme: Introduction of guest speaker, main lecture, vote of thanks

Objectives of the Programme: 1.Significance of time management.

Brief Description of the Programme A total of 30 staff non-teaching staff members attended the programme. The speaker Mr. Tushar Kadam (Administrator Officer) explained the important of managing time and work schedule with discipline. The lecture was very informative and well organized. The participants showed significant interest and the lecture ended with vote of thanks presented by Dr. Namrata Gaonkar.

To,

The Hon'ble Vice Chancellor,
KIMSDU, Karad.

Sub: - Workshop in Research Methodology.

Sir,

We propose to undertake a joint Workshop in Research Methodology from 9th to 16th Sept. 2015. Dr. P. Ganeshkumar and Mr. P. Kamaraj from the National Institute of Epidemiology, Chennai will visit KIMSDU as teaching faculty. Dr. Mehendale, Director of NIE will conduct the concluding session of the workshop.

A copy of the programme is enclosed for your perusal.

With regards,

Yours Sincerely,

Dr. A. K. Pratinidhi.

Report of Workshop on Research Methodology Sept. 2015

The Workshop on Research Methodology conducted from 09/09/2015 to 16/09/2015. The number of staff and students (PG & PhD) participated in the workshop were:

KIMS: 95 (4 Staff)
KPTH: 6
SDS: 16 (4 Staff)
KINS: 12
PhD: 12

=====

Total: 141

The topics covered in the workshop were: Need of research, Research topic, question and hypothesis, Review of literature, Sampling, Study designs, Basic and advanced statistics including parametric and non-parametric tests, Communication skills, Screening of diseases Qualitative research, Ethics, Development of drug & device, Preparation of research proposal and Application of SPSS.

In all 17 resource persons (12 from outside and 5 in-house) delivered talks during the workshop. For each session pre and post session assessment of the participants was done. It revealed significant improvement in their knowledge regarding the aspects covered in the workshop.

On the last day; in the session 'Presentation of Protocols'; 11 students presented their protocols. This session was chaired by Dr Sanjay Mehendale, Director NIE, Chennai. After each presentation he gave his suggestions and remarks. This gave guidelines to the respective student as well as other participants to develop and modify their protocols. During valedictory also Dr Sanjay Mehendale gave hints to students for conduction of the good research.

REPORT

Workshop on "Team Building"

14 Mar 2016

As a part of faculty development program, a workshop on "Team Building" was arranged for the faculty who are mainly working as Leaders of the team. The participants included The Registrar of the University, Deans of constituent colleges, Assistant Registrar and Heads of Departments.

Dr. Yuvraj Bhosale and Dr. Praveen Iyer, Professors of Anatomy at Seth G.S. Medical College & KEM Hospital, Mumbai were the Resource persons for the workshop.

A pre-test was conducted in the beginning
Workshop was conducted in 3 sessions:

1. Group dynamics
2. Communication skills
3. Conflict management

All the sessions were interactive. Group tasks and individual tasks were given in participants and they were asked to present in plenary session. Various scenarios were given where conflicts arise and participants were asked to do 'Role Plays' of those situations. How to handle the situation was then discussed.

Overall the workshop was very interactive, interesting and informative. Take home message was a Team leader has to develop leadership qualities, must have patience and listening skills and must be capable of finding out a satisfactory solution for conflicts.

A post-test was conducted followed by valedictory function.

CELEBRATION OF INTERNATIONAL DAY OF THE MIDWIFE 2016

BY

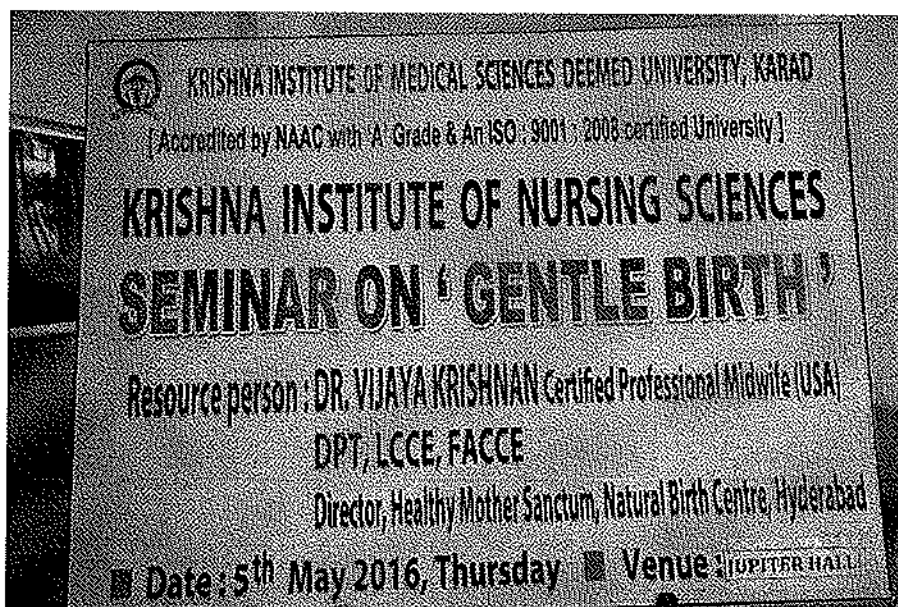

KRISHNA INSTITUTE OF NURSING SCIENCES, KIMSUDU, KARAD

REPORT OF SEMINAR ON 'GENTLE BIRTH'

Date: 5th May, 2016 Time: 10 AM – 5PM

Day: Thursday

Venue: Jupiter hall

OBJECTIVES:

The sessions during the Seminar would help the participants to:

- 1) Review the meaning of 'BIRTH' from the perspective of mother and her care provider
- 2) Discuss paradigm shift from 'NORMAL DELIVERY' to 'NATURAL BIRTH'
- 3) Identify evidence-based and healthy birth practices
- 4) Determine the collaborative role of various health professionals concerned with birthing
- 5) Evaluate existing birth practices and areas for improvement
- 6) Formulate an action-plan for initiating gentle birthing practices in our clinical setting
- 7) Introduce the methods of labour support for day-to-day practice
- 8) Demonstrate non-pharmacological pain relief measures for facilitating gentle birth

A one day Seminar on '**GENTLE BIRTH**' was organized on account of International Day of the Midwife,2016 by the members of Ob-Gyn. Nursing specialty of the faculty of Nursing Sciences, KIMSDU, Karad. The topic was chosen to befit the theme of IDM 2016 '**Women and Newborns: the heart of Midwifery**'.

The organizing team comprised of the following members:

Prof.Mrs.Vaishali Mohite
Principal, KINS, Karad

Mrs. Jyoti. A.Salunkhe
Professor,
KINS,Karad.

Mrs.Sheetal.Samson CP.
Assoc .Professor
KINS,Karad.

Mrs. Vandana Satve
Clinical instructor,
KINS,Karad.

Mrs. Nitanjali Patil
Clinical instructor,
KINS,Karad

Mrs. Afsana Mulani
Clinical instructor,
KINS,Karad

Co-ordination and facilitation :

The event was co-ordinated by Mrs.Sheetal Samson CP. under the guidance of Prof. Mrs. Vaishali Mohite, Principal, KINS.

Support team :

Mrs.Rajashree Karale,
Asst.Professor, KINS,Karad

Mr.Tejas Bhosale
Clinical Instructor, KINS,Karad

Miss. Sharvari Sadare
Clinical instructor,
KINS, Karad

Resource person :

Resource person for seminar was Dr. VIJAYA KRISHNAN Director, Healthy Mother Sanctum, Natural Birth Centre; Hyderabad

Brief biodata of Dr. Vijaya Krishnan :

- DPT (Clinical Doctorate in Physical Therapy and Physical Therapy Education) University of Massachusetts, USA
- Certified Professional Midwife (CPM), graduate of the Midwifery Program from National College of Midwifery, USA
- Leading official Lamaze Certified Childbirth Educator (LCCE) in India.
- Fellow of the Academy of Certified Childbirth Educators (FACCE)
- Chapter Leader of ICAN (International Cesarean Awareness Network)
- Adjunct Faculty in the Perinatal Program of the College of Health Sciences, Douglas College, Vancouver, Canada.
- Board of Directors, Birth India – A National Advocacy Organization

Participants :

Participants for the programme included staff and students of obstetrics & Gynaecology Specialty from faculty of Medicine, Physiotherapy, Nursing of KIMS DU, Karad and the staff nurses working in the Maternity unit at Krishna hospital Karad.

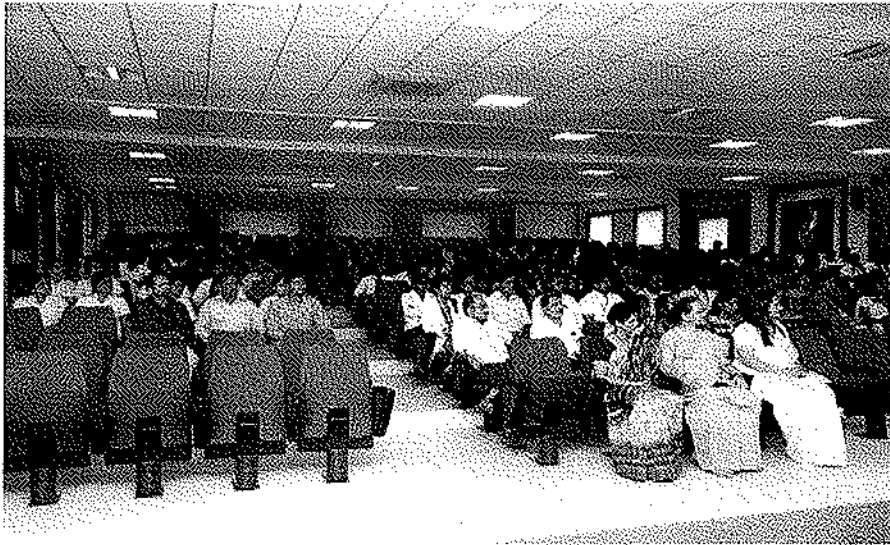

Evaluation measures:

Pre-test and Post test was administered during both pre-lunch and post-lunch sessions.

Program of the Seminar:

TIME	DETAILS
10.00 -11.30 AM	Session-I: GENTLE BIRTH: Facilitating a memorable birth-experience <ul style="list-style-type: none"> • A paradigm shift from ‘Delivery’ to ‘Birth’ • Scientific midwifery care and a collaborative model • Labour progress versus failure of labour to progress: What does it mean to the mom and her care -provider? • Lamaze Six Healthy Birth Practices • The value of labour support • Preserving a healthy micro biome (Evidence based practice) • Introduction to water birth (with amazing videos).
11.30- 11.45 AM	OPEN FORUM for Q and A
11.45 – 12 Noon	Short Stretch-break
12.00- 12.30PM	Session-II :RECLAIMING NATURAL BIRTH <ul style="list-style-type: none"> • Mother-Baby friendly care • Pros and cons of routine interventions • Myths leading to a rise of C-sections
12:30 – 1.00 PM	INTERDISCIPLINARY THINK-TANK and feedback
1.00- 1.15 PM	Closing remarks for pre-lunch sessions
1.15- 2.30 PM	LUNCH BREAK
2.30 – 5.00 PM	Session-III : DEMONSTRATIONS Hands-on sessions on Labour Support and Pain Management (Enriched with Lamaze videos)
5.00 PM	TEA TIME

10.00 AM –INAUGURATION OF PROGRAMME

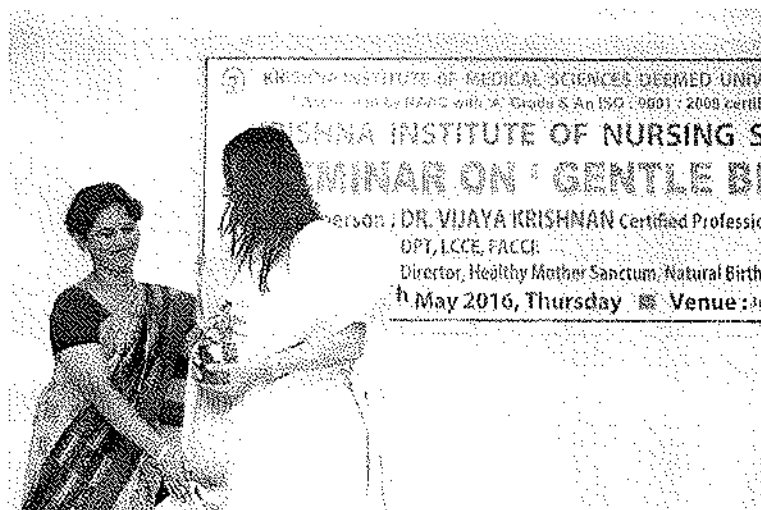

The inauguration of the event took place in the gracious presence of Dr.R.P.Patange, Professor & Head , dept. of Ob-Gyn. KIMS, Dr.Mrs.Sunita Tata, Director of Nursing Services, KH & MRC, and Prof.Mrs.Vaishali R.Mohite, Principal, KINS.

The welcome speech was given by Mrs. Vandana Satve

The subject expert Dr.Vijaya Krishnan was introduced to the august gathering by Mrs. Sheetal Samson CP., Associate Professor, KINS, Karad .

Felicitation of Dr.Vijaya K. was done by Prof. Mrs.Vaishali R. Mohite, Dean, Faculty of Nursing Sciences, Karad

Dr. Vijay K Madam delivered the introductory speech on the theme ' Gentle Birth' in which she highlighted the difference between a 'Normal delivery' and 'Gentle Birth' in today's obstetric practice. Dr. Krishnan displayed the current statistics of Cesarean sections in India which indicated a definite rise. She candidly explained how the various practices of routine interventions cause harmful interference in the birth –process and yet it is labeled a normal delivery. Articles showing the various measures adopted by different countries to deal with increased cesarean birth issue were put forth during the deliberation. Dr.Vijaya also explained the protocol for Humanized Birth which included following points:

- Nurturing Surrounding
- Upright Positions Preferable
- Emotional and Psychological Support
- Restriction in and judicious use of drugs
- Restriction in and judicious use of interventions such as I/V fluids, episiotomy, enema, forceps etc.

Mrs. Nitanjali Patil proposed a vote of thanks.

Morning session started at 10.30 am

Session-I: GENTLE BIRTH: Facilitating a memorable birth-experience

- A paradigm shift from 'Delivery' to 'Birth' was explained with Natural birth, Gentle birth, Water birth, Delayed Cord Clamping/Lotus Birth. What natural birth means to the mother was explained by understanding the concept from mom's point of view i.e There needs to be no interference- No sound – Feeling that first contact is the mother's by right- Need to reach for her baby and, instinctively, do what every uninterrupted mother since the beginning of time has done.
- Scientific midwifery care and a collaborative model was highlighted by disclosing its advantages of evidence-based practice that supports Scientific Midwifery as a key enabler of holistic, empathetic, safe and healthy pregnancy care, childbirth and postpartum care for childbearing women.

Outcomes that could be improved by care under the Midwifery Model :

- Reduced maternal & neonatal mortality & morbidity
 - Reduced stillbirth & preterm birth
 - Decrease in unnecessary interventions
 - Reduced readmission rates for mothers and babies
 - Improved psychological and public health outcomes
- Labour progress versus failure of labour to progress:

Labour progress increases oxytocin release making the mother feel secure, want privacy. She wants people who she knows, and also she wants touch, comfortable environment, relaxation and encouragement. And if labour failure she feeling frightened.

- Lamaze Six Healthy Birth Practices discussed during the deliberation were:
 1. Labor begins on its own
 2. Freedom of movement throughout labor
 3. Continuous labor support
 4. No routine interventions
 5. Non-supine (e.g. Upright or side-lying) positions for birth
 6. No separation of mother and baby after birth

First session was highly informative and aroused interest among the participants. The session ended at 11.30 pm with a short stretch break.

12.00 PM – Session II started at 12.30pm

This session focused on **RECLAIMING NATURAL BIRTH**

- Mother-Baby friendly care

Madam explained 10 steps of Mother Baby Friendly Care

- **Step 1-** Treat every woman with respect and dignity.
- **Step 2 -** Possess and routinely apply midwifery knowledge and skills that optimize the normal physiology of birth and breastfeeding.
- **Step 3-** Inform the mother of the benefits of continuous support during labour and birth, and affirm her right to receive such support from companions of her choice.
- **Step 4-** Provide drug-free comfort and pain relief methods during labour, explaining their benefits for facilitating normal birth,
- **Step 5-** Provide evidence-based practices proven to be beneficial.
- **Step 6-** Avoid potentially harmful procedures and practices.
- **Step 7-** Implement measures that enhance wellness and prevent illness and emergencies.
- **Step 8-** Provide access to evidence-based skilled emergency treatment.
- **Step 9-** Provide a continuum of collaborative care with all relevant health care providers, institutions, and organizations.
- **Step 10-** Strive to achieve the BFHI 10 Steps to Successful Breastfeeding

- Myths leading to a rise of C-sections- in that madam explain guidelines for prevention of the primary cesarean section
These are:

- Slow, but progressive labor in the first stage of labor should not be an indication for a C-section. As long as mother and baby are doing well, cervical dilation of 6cm should be the threshold for active phase of labor.
- Only after 24 hours of induction with Pitocin/Syntocinon and ruptured membranes can induction be considered as a failure!

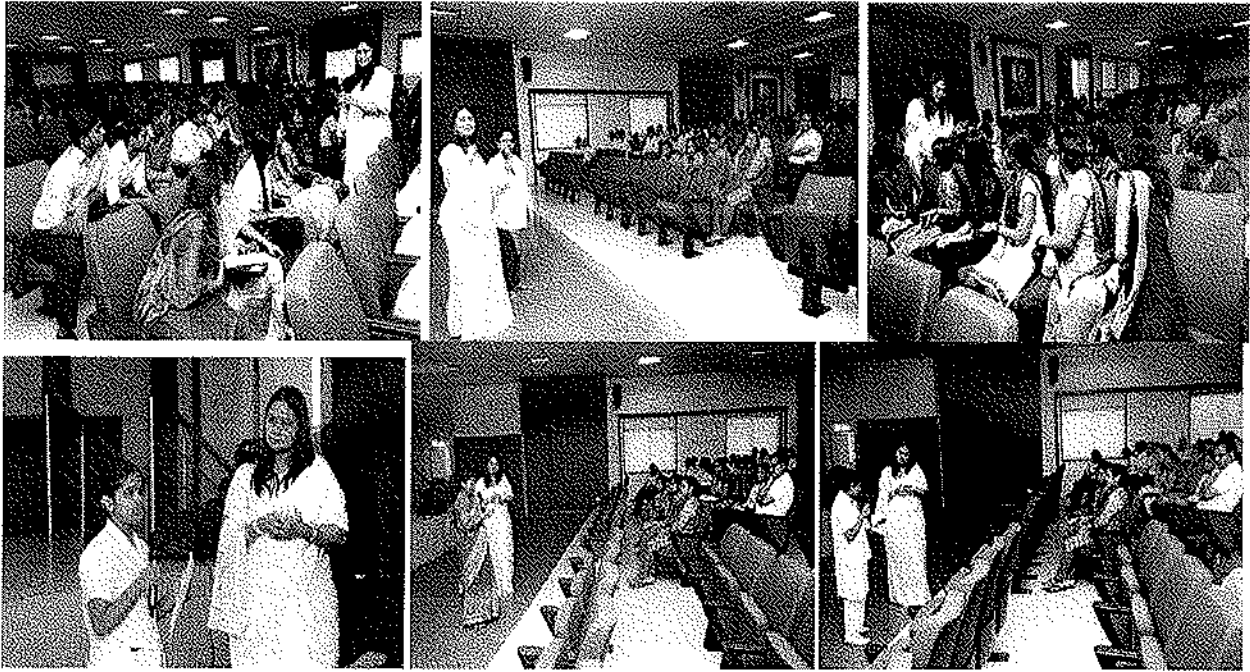

This session closed at 1 pm

1 PM - THINK TANK and feedback from participant

During this session all participants were divided in groups with 10 participants per group. The groups were expected to provide 2 or more valuable suggestions for birth practice which can be applied in their current working setting. Participants had good and positive initiative and came up with numerous suggestions

Suggestions by the participants included:

- 1. Group I (Physiotherapy) :**
 - Relaxation therapy
 - Body imagery and visualisation technique
- 2. Group II (MSc. Nursing students, INE Goa):**
 - Maintain privacy
 - Avoid repeated PV examination
 - Relaxation therapy
- 3. Group III (KH Staff nurses):**
 - Encourage mother for bear down
 - Provide comfortable position
 - Use positive statement
- 4. Group IV (4th B. Bsc Nursing students, KINS, Karad):**
 - Choice for position
 - Don't keep mother NBM
 - Avoid perineum shaving
- 5. Group V (3rd year RGNM Students, KINS, Karad):**
 - Allow family member with mother during labor
 - Provide back massage to the mother
- 6. Group VI (4th B. Bsc Nursing students, KINS,Karad):**
 - Calm and quiet environment for mother,
 - Psychological support.

Session II closed at 2pm with good response from participants.

2.30 PM- The Post lunch session

Hands-on sessions on Labour Support and Pain Management

It included demonstrations with Hands-on sessions on Labour Support and Pain Management. All participant enjoyed that session as some of them volunteered to practice various labour support measures for gentle birthing.

- Using the Birthing Ball

- Changing Positions

Rocking on all fours really helped take the pressure off on back. It may help the baby move down the birth canal.

- Using simple devices like rollers, acupressure equipments to clutch on, dupattas for Ribozo technique.
- Slow dancing technique
- Use of chair without arms for comfortable resting position

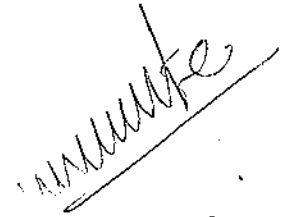

-Massage

Massage and counter pressure on back for effective pain relief.

In closing Dr.Krishnan played interesting videos of Lamaze birth and water birth.

The participants feedback revealed the fruitful experience of learning by doing that all that enjoyed during the seminar and the session closed at 5pm.

Department: Nursing

Venue: Medicine Dept. Lecture Hall

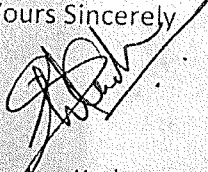

Date: 06.08.15

Time: 09:00 – 17:05 (All to be seated by 08:50)

Topic: NABH - Clinical and Managerial Chapters

Trainer / Speaker: Ms. Raji Mathew; Mrs. Shobha Patil

The PDP was conducted on the above mentioned date. Details of the program are as under:

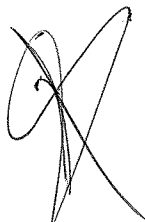

Sr. No	Details	Details
1	Total number of participants	72
2	Total duration of the program	8 hours

The entire training was divided into three sessions as below:

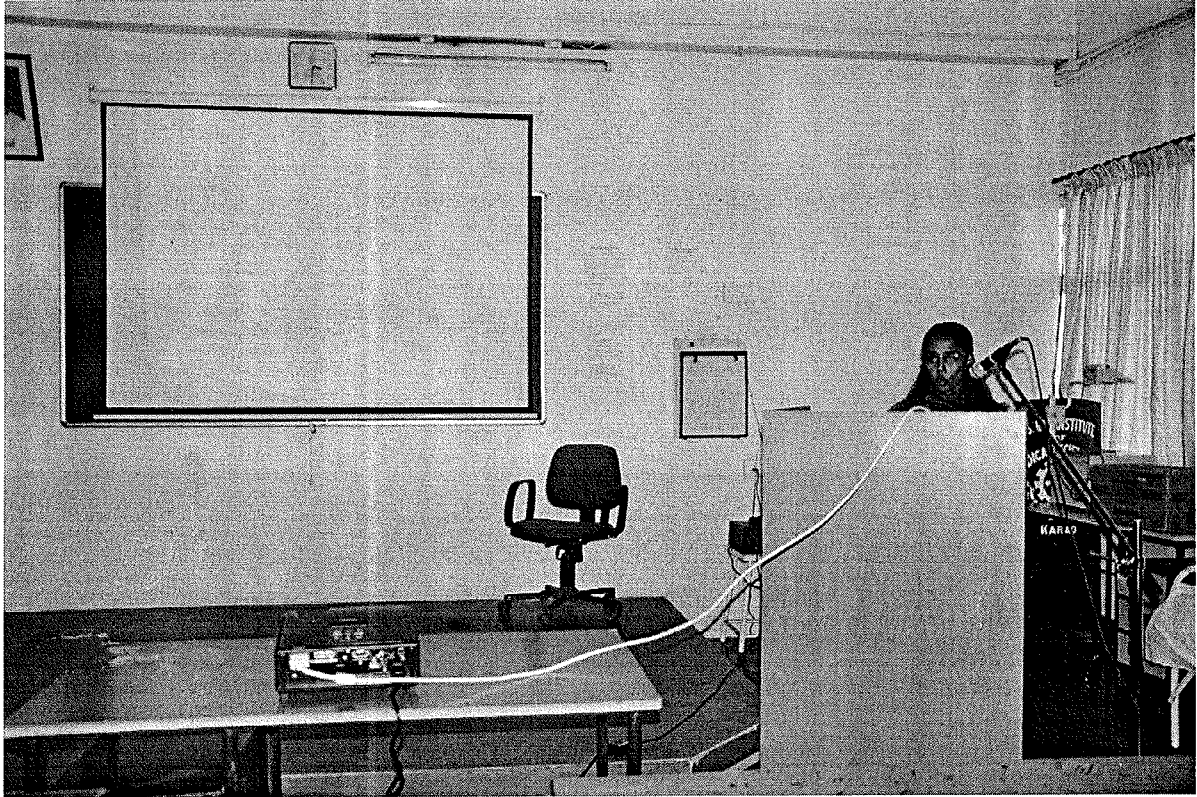

1. Cardiac Care – Ms. Raji Mathew
2. Patient education and rights – Mrs. Shobha Patil
3. Employee rights and responsibilities – Mrs. Shobha Patil

The entire session was an interactive one with ample use of audio – visual aids for maximum efficiency and optimal reach. A separate question time was allotted to clarify doubts of the participants. Discussion done on cardiac patient's assessment and plan of care with nursing management.

Nursing education and health education is most important for each patient before discharge. It's also included in patient right. Each employee should know rights and responsibilities.

Professional Development Program Report

Department: Pharmacy Dept.

Venue: Pharmacy Dept

Date: 7/12/2015, 8/12/2015

Time: 12pm to 4pm – both days

Topic: “Drug Recall – Needs, Importance, Procedures”

Trainer / Speaker: Mrs. Kulkarni R.A.

The PDP was conducted on the above mentioned date. Details of the program are as under:

Sr. No	Details	Details
1	Total number of participants	14
2	Total duration of the program	8 hours
3	Post Training	78.87%

The session was completed in four parts

Session 1 – Drug recall necessity

Session 2 – Importance of drug recalls

Session 3 – Procedures of drug recall

Post training test, Questions and Conclusion.

Drug Recall is the procedure of removal of drug when any notification received from manufacturer or FDA.

Pharmacists understood the importance of Drug Recall.

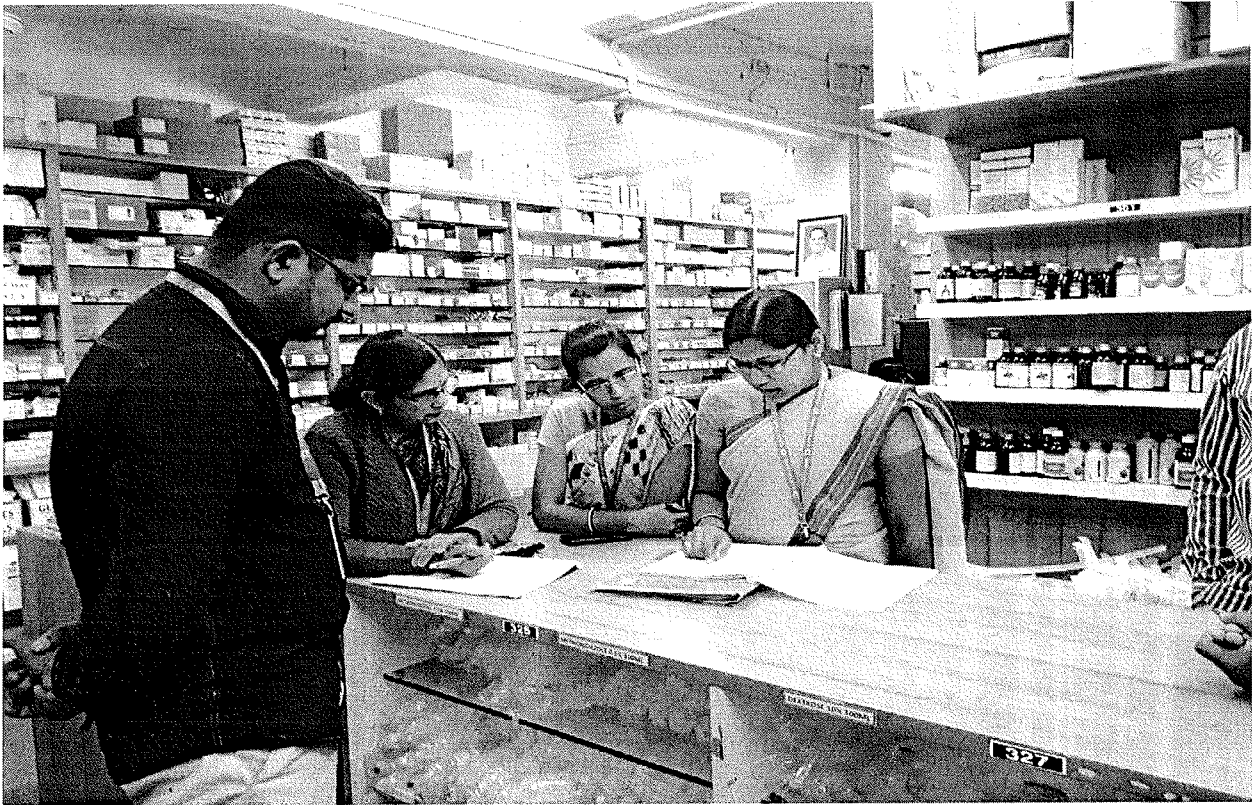

Also explained that the Batch Number, Expiry Date & Quantity should be checked for safety of the patients.

No adverse effect reaction should occur after administration of drug.

All stock from all words should be collected & kept in the "Quarantined

Area" & send back to the distributors / suppliers and credit note should be taken.

1	Total number of participants	24
2	Total duration of the program	8 hours

The entire training was divided into three sessions as below:

1. Fresh water management - Mr. Shahaji Chavan
2. Waste water management - Mr. Dilip Kashid
3. Rain water harvesting - Mr. Subhash Jagtap

Mr. Dhananjay Patil; Mr. Dayanand Zhele and Mrs. Ashwini Shete graced the occasion with their presence and guided the participants on importance of water management.

The entire session was an interactive one. A separate question time was allotted to clarify doubts of the participants.

Summary:-

1] Fresh water management-

Raw water coming from rivers and bore wells is used for drinking and washing purpose in the campus. Raw water collected in the water storage tanks then passes through various chambers namely flash mixer, flocculation tank, tube settler, pressure sand filter-suspended solids & turbidity is removed from water. Then it pass activated carbon filter for removing smell and color from the water. Then it pass to uv radiation to kill the bacteria then it pass through the softener remove the calcium & magnesium in the water. And treated water is then store in treated water tank which is use for drinking purpose.

2] Waste water management-STP-

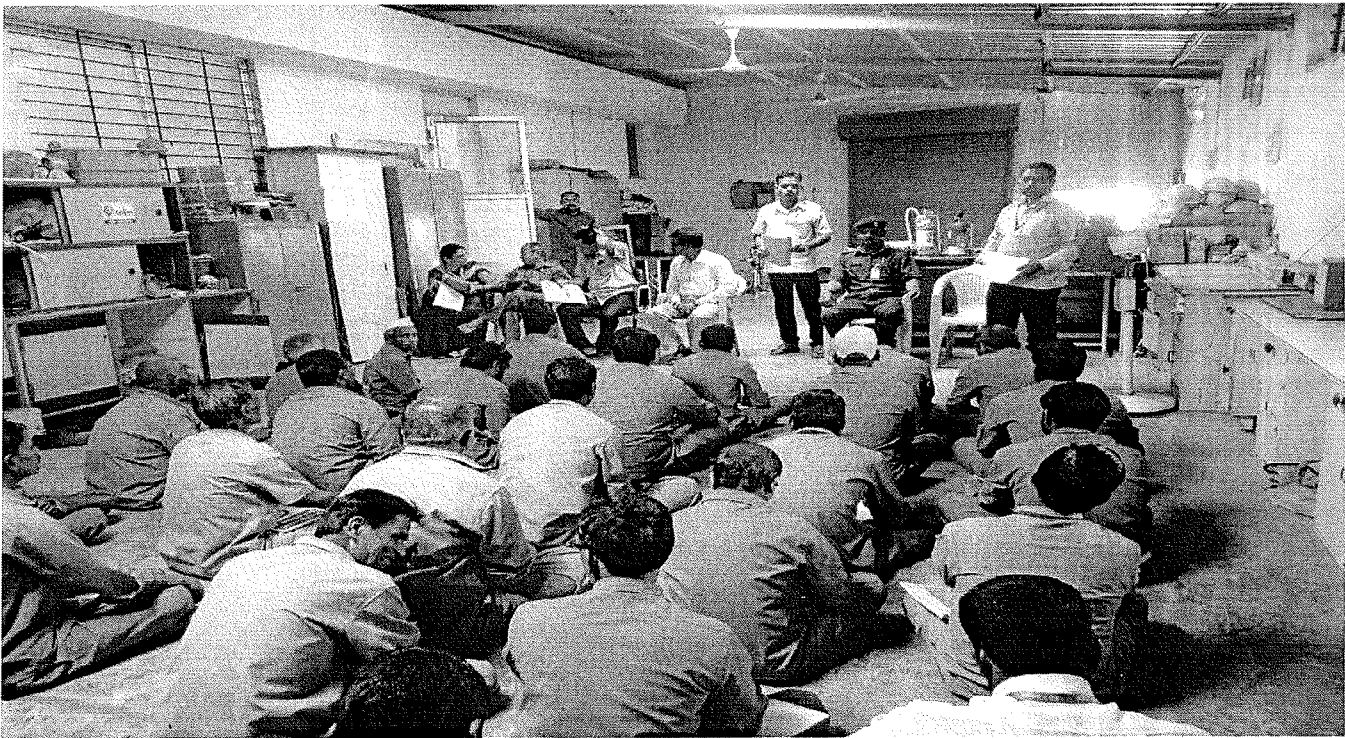

Sewage treatment plant is attached with the drainage water system capacity 500KLD.It consists of bar screen chamber for removing floating material . Then water collected in Equalization tank its provide aeration assists in proper mixing of sewage with the help of air blowers. Then it pass through aeration tank & then it pass to tube settler media the sludge settled at the bottom of the tank clean sewage enter into the chlorine contact tank. Then it pass through pressure sand filter for removing other remaining particals . Then it pass through activate carbon filter for removing color & Odor present in the sewage. And enter the treated water tank. And then used for gardening.

3] Rain water harvesting-

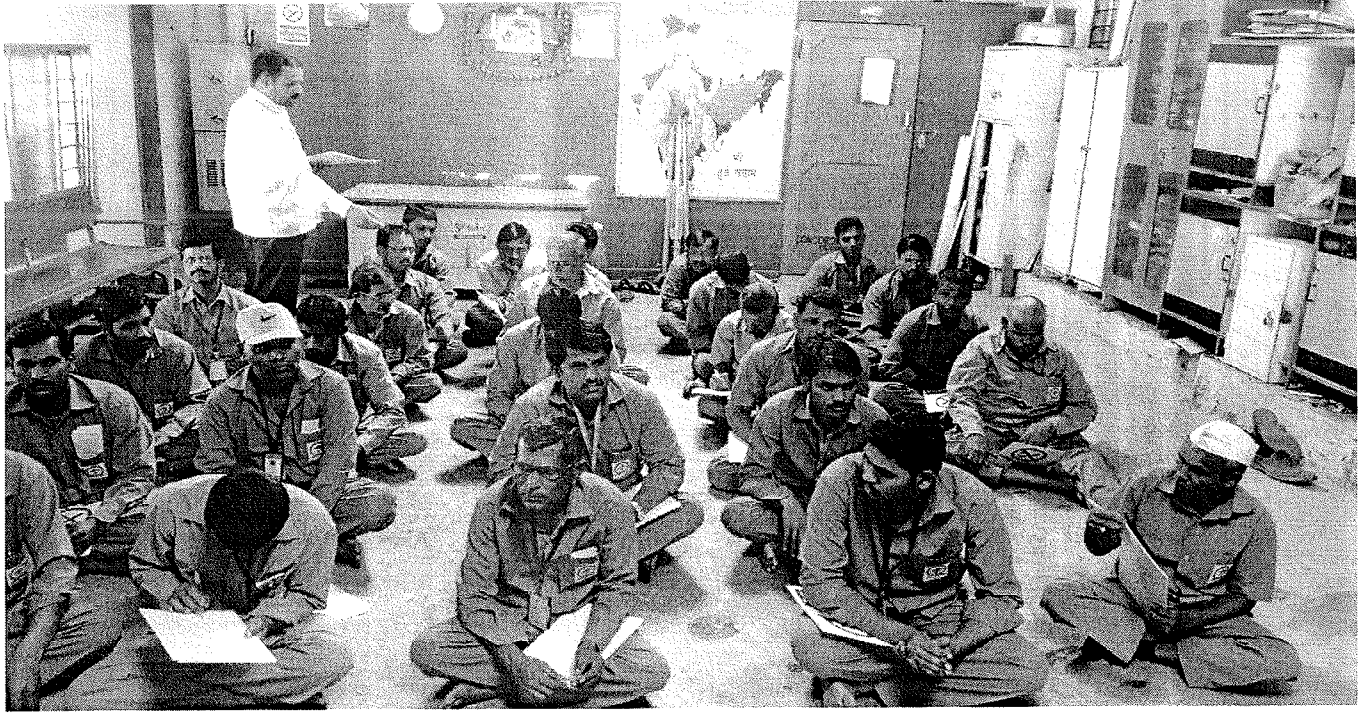

The rain water from the terries of the building is brought to the rain water harvesting plant through 4'' diameter pvc pipe line near rain water harvesting in the screen chamber to remove the floating materials & then collect in rain water harvesting pit. (3 meter × 3 meter × 3 meter) near bore to increase water level & these water used for laundry & gardening in summer season.

Professional Development Program Report

Department : Pharmacy Dept.

Venue: Pharmacy Dept.

Date: 05/03/2016

Time: 09:00 am to 05:00 pm

Topic: "Physical Stock Taking – Need, Procedures and Precautions"

Trainer / Speaker: Mr.Jadhav U.S.

The PDP was conducted on the above mentioned date. Details of the program are as under:

Sr. No	Details	Details
1	Total number of participants	8
2	Total duration of the program	8 hours
3	Pre – Training	54%
4	Post Training	100%

The training was conducted in 4 different sessions as below

Session 1 – Pre training test and Understanding stock taking

Session 2 – Needs and procedures

Session 3 Procedures cont.

Session 4 Precautions

Post training test and closure.

The Pre training test was conducted to check the knowledge of pharmacists before training.

The importance of stock taking is that to maintain the stock.

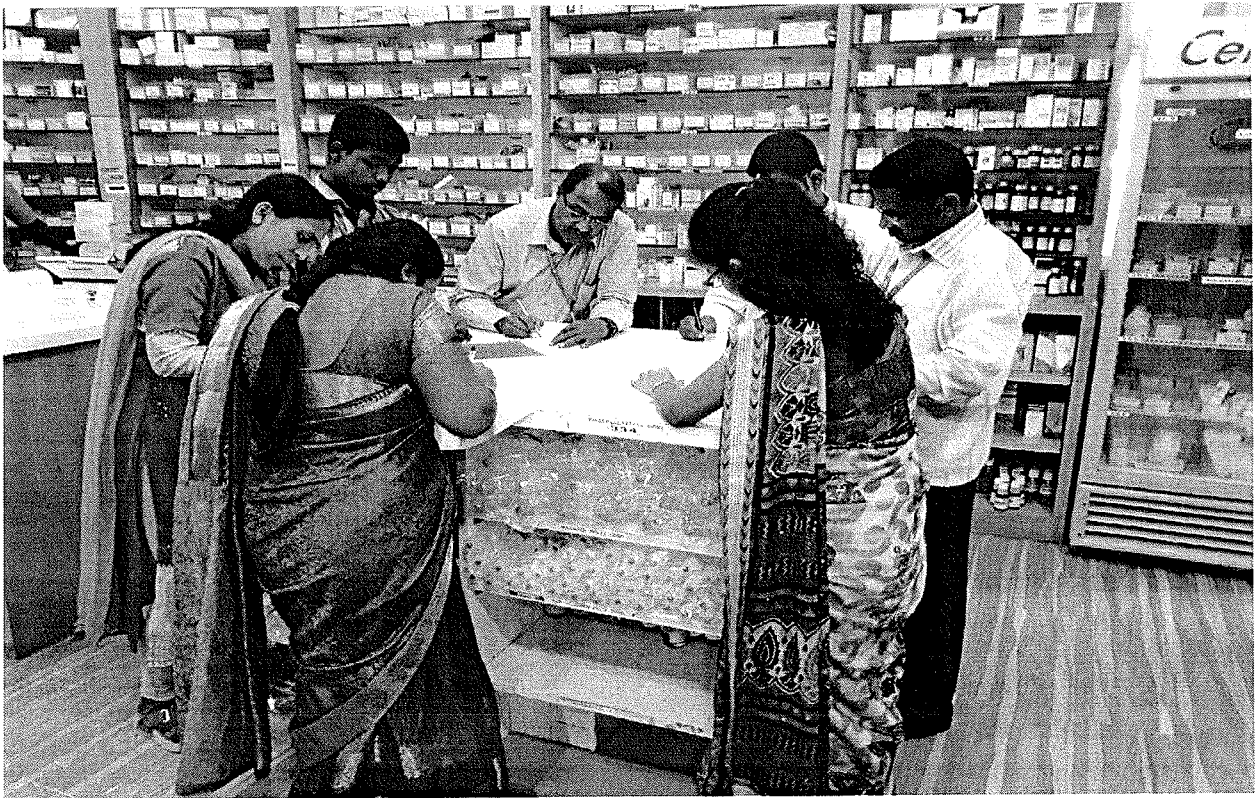

In this procedure the expiry date, Batch No. Quantity is to be checked.

Stock taking is done every month of costly drugs and psychotropic's substances and physical checking is done every year in the month of march.

In this procedure near expiry drugs are separated and returned to the respective suppliers.

At last the post training test was also conducted having a good results.
