- Director / Founders of some selected startups

Some Possible Questions for Discussion:

Incubation
1. Building for the future - Hacks to strengthen the pipeline through Pre-Incubation.
2. Hacks to run a hybrid program in today's scenario - virtual + offline
3. Effective inclusion of all regional partners at the grassroots and learnings around buulding a community around the incubator.

People
1. Effectively sourcing and managing mentors, investors and business advisors. Learnings on maximizing value for them.
2. Continuous learning and upskilling for the incubation team - why, what and how?

Startups
1. When and how to say no or let go of a startup?
2. What new revenue and business model hacks have you come across for running a sustainable incubator?
3. Lessons learnt while successfully cracking CSR for incubator or incubatees.
4. Getting startups grounded and realistic before a fundraise.
5. Top learnings from angel investments of incubatees or while mobilizing regional angel investors.

11:30 AM to 12:00 PM
Effective collaboration between Incubators and Corporates, for the benefit of startups with leadership of different corporates, Headstart and other partners. .
