

## 2.6.1 - B Krishna Vishwa Vidyapeeth(Deemed to be University) Karad

### Outcome Analysis

#### Purpose:

To Ensure that Learning Outcomes (LOs) of the teaching programs offered KIMS Karad has defined Program objectives clearly stating program outcomes (POs) on the basis of course outcomes (Cos) that are in relevance with the Global, National and local needs based on the norms laid by the Regulatory councils of the various programs

#### Process

1. The curricula of the programs offered have defined learning objectives program outcomes and course outcomes which is given by the BOS of the respective institutions and approved in the academic council of KVVDU Karad.
2. The course outcomes are mapped to the program outcomes
3. Programme outcomes are achieved by evaluation methods given by the statutory councils and university norms that is recommended by the BOS and approved in the Academic council
4. The institution frames an academic calendar wherein planning is done for the entire curriculum providing all the learning objectives. KVVDU has a active IQAC cell which plays a key role in monitoring, designing and reforming the strategies related to teaching learning and assessment.
5. The learning outcomes determine the graduate attributes.
6. KVVDU has a separate independently working ET cell which is timely engaged in training the faculty to improvise teaching learning methods
7. There is a structured feedback mechanism obtained from the stakeholders like students, teachers, alumni regarding teaching learning and assessment. The feedback is analyzed at the departmental and university level and the corrective measures are thereby taken.
8. The institution has formulated course outcomes to make the students enhance their learning experiences with respect to all domains of learning (Cognitive, Affective and Psychomotor domains). Accordingly, their learning assessment is conducted in form of formative at institutional level and summative at the university level.

Semester II	√	√	√	√	√	√	
Semester III	√	√	√	√	√	√	
Semester IV	√	√	√	√	√	√	

The summative assessment is conducted at the university level which includes Theory & practical examination. The students' achievement is categorized into following levels.

Levels	Percentage	Attainment of outcomes
Level 0	Below 50% (Failed)	Unable to acquire all competencies (COs) of the

		respective course
Level 1	50 – 59%	Have acquired all competencies (COs) of the respective course
Level 2	60 – 69%	
Level 3	70 % and above	

**5201-36 Practical Course VI  
(2022-23) ( N=25)**
