

### 1.1.1 B Krishna Vishwa Vidyapeeth (Deemed to be University) Karad

#### Outcome Analysis

##### Purpose:

To Ensure that Learning Outcomes (LOs) of the teaching programs offered KVV(DU) Karad has defined Program objectives clearly stating program outcomes (POs) on the basis of course outcomes (COs) that are in relevance with the Global, National and local needs based on the norms laid by the Regulatory councils of the various programs

##### Process

1. The curricula of the programs offered have defined learning objectives program outcomes and course outcomes which is given by the BOS of the respective institutions and approved in the academic council of KVV (DU) Karad.
2. The course outcomes are mapped to the program outcomes
3. Programme outcomes are achieved by evaluation methods given by the statutory councils and university norms that is recommended by the BOS and approved in the Academic council
4. The institution frames a academic calendar wherein planning is done for the entire curriculum providing all the learning objectives. KVV DU has a active IQAC cell which plays a key role in monitoring, designing and reforming the strategies related to teaching learning and assessment.
5. The learning outcomes determine the graduate attributes.
6. KVV DU has a separate independently working ET cell which is timely engaged in training the faculty to improvise teaching learning methods
7. There is a structured feedback mechanism obtained from the stakeholders like students, teachers, alumni regarding teaching learning and assessment. The feedback is analyzed at the departmental and university level and the corrective measures are thereby taken.
8. The institution has formulated course outcomes to make the students enhance their learning experiences with respect to all domains of learning (Cognitive, Affective and Psychomotor domains). Accordingly, their learning assessment is conducted in form of formative at institutional level and summative at the university level.

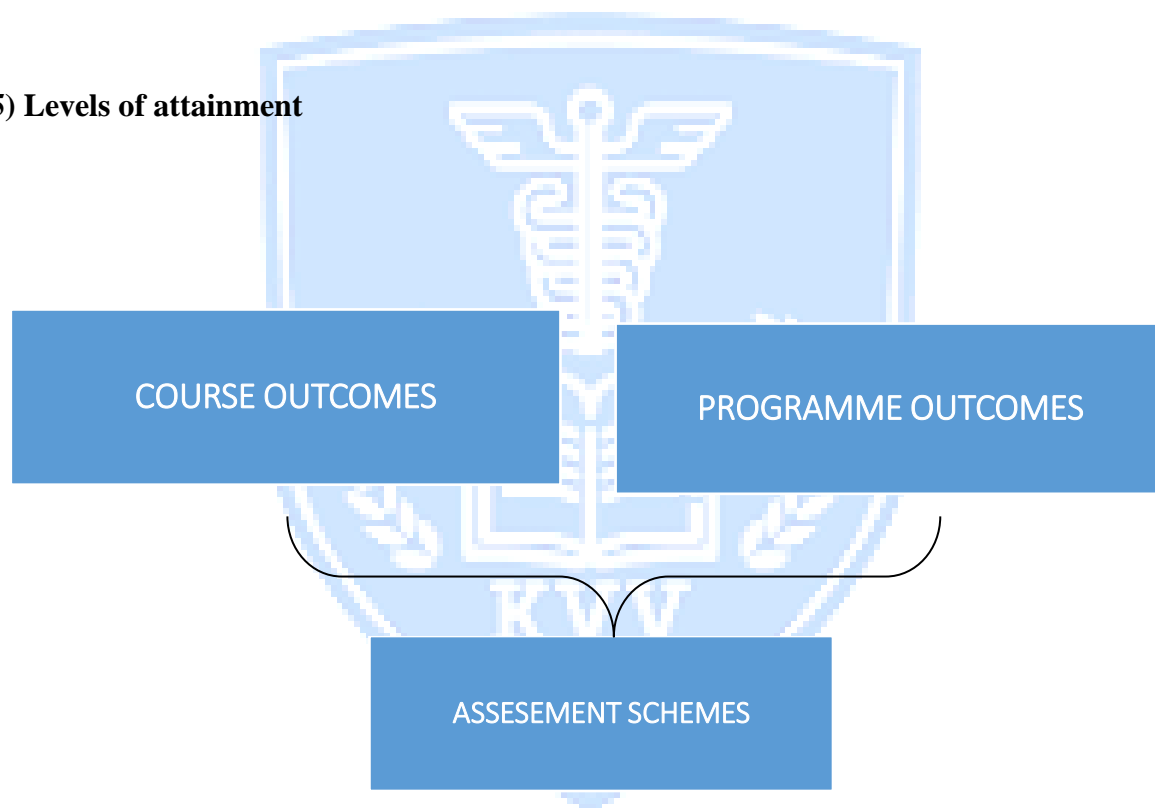

**1) Global, national and local needs**

**2) Statutory council's requirement (NMC, DCI, PCI, NCI, etc) Competency based curriculum**

**3) Student learning outcomes**

**4) Graduate attributes**

**5) Levels of attainment**

### Domains of learning

Sr no	Domains of learning	Assesement schemes	Levels of learning	Pattern & mode of assesement
1	Cognitive Domain	Short case discussions,	UG &PG	<b>Formative:</b> MCQ ,SAQ, LAQ Viva-voce OSPE,OSCE, Quiz, Seminars PBL,Assignments, Portfolios Six monthly Progressive report PG, Journals UG <b>Summative:</b> Dissertation PG, MCQ SAQ, LAQ Practical's and Viva-voce OSPE
2	Psychomotor	Short case Long case OSCE/OSPE Practicals, Case discussions	PG	
3	Affective	Discussions MCQ ,PBL, Viva Voce	UG &PG
