'KVV-Merck Foundation Africa Fellowship & Training Program'

The Merck Foundation, Germany, is a philanthropic organization. Its efforts are primarily focused on improving access to innovative healthcare solutions in underserved communities, building healthcare and scientific research capacity in African countries. Merck Foundation provides support for independent medical education activities for Healthcare Professionals for Capacity Building Program as part of its non for profit initiatives.

Based on the collaboration, KVV has designed many fellowships in different aspects of oncology, neurosurgery, diabetology, critical care and hypertension. The University is offering training to doctors, nurses and technicians from different countries of Africa.
