FACULTY OF MEDICAL SCIENCES
Stakeholder Feedback – Action Taken Report

Students' Feedback

Sr No	SUGGESTIONS	ACTION TAKEN
1	Quality Accreditation Cell should be set with student involvement from all years of UG and PG of each course. Bi-monthly meetings and review of course curriculum and implementation should be done with Quality Accreditation Cell, students and professors	Students represent various college level committees. Student participation has also been initiated in College Level Internal Quality Assurance Cell (IQAC) from Academic Year 2021-22. Quarterly meetings of IQAC will be held involving student members. Efforts will also be made for better awareness and engagement among students in such committees.

Alumni Feedback

Sr No	SUGGESTIONS	ACTION TAKEN
1	More exposure to recent methods and ethically correct medical practice	All post-graduate students are given exposure to recent advances in their respective specialization and one assessment paper (No. IV) on recent advances is mandated for all post-graduate students. Student-wing of Bioethics was constituted in 2019 and will be re-constituted yearly to ensure training and opportunity for more number of students
2	Try to develop all super specialities	MCh Urology and DM Cardiology Programmes had been initiated since 2020. Efforts have also been initiated for applying and procuring seats in Super-speciality course of MCh Oncosurgery along with speciality courses of MD Transfusion Medicine and MD Emergency Medicine
3	Establish a gallery which will exhibit extracurricular achievements of all students.	It was resolved that the suggestion be forwarded to University for further consideration and implementation.

Teachers' Feedback

Sr No	SUGGESTIONS	ACTION TAKEN
1	Improvement in collaboration with NGOs to extend health care services for people beyond reach	It was resolved in the meeting held at the Department of Extension Activities that relevant NGOs should be contacted and process of signing of MoU be initiated. It was also resolved that the number of activities with existing NGO collaboration be increased
2	Cadaveric dissection should be made part of post graduate curriculum	Cadaveric Lab for Super-speciality (Neurosciences) is under development and will be open for practice soon

FACULTY OF DENTAL SCIENCES

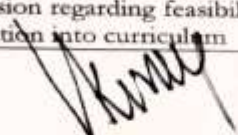

Stakeholder Feedback – Action Taken Report

Students' Feedback

Sr No	SUGGESTIONS	ACTION TAKEN
1	Campus Placement programs should be held for students	Memorandum of Understanding (MoU) is under pipeline with online start-up www.dentaldoct.com for offering better employability and placement opportunities
2	No practical knowledge about clinic setup and foreign degrees and possible outcomes from degree course provided	Value Added Course on Dental Practice Management had been introduced in 2021. It was resolved that more students be enrolled in the above course in ensuing years. Further webinars on opportunities and challenges after BDS, covering aspects of foreign degrees, etc be organized

Alumni Feedback

Sr No	SUGGESTIONS	ACTION TAKEN
1	It's perfect, only increase the patient flow for dental students	Patient flow had temporarily decreased since the COVID outbreak. It was resolved that community health camps be re-initiated with immediate effect, thereby helping in increasing the patient flow
2	Establish a career counselling cell	It was resolved that the existing college level placement cell will handle career guidance through more CDEs, webinars, etc.
3	Start with laser in UG studies	It was resolved that Value Added Course on Dental Laser Applications be introduced. The same has been forwarded to Board of Studies for further discussion regarding feasibility and incorporation into curriculum

Stakeholder Feedback – Action Taken Report

Students' Feedback

Sr No	SUGGESTIONS	ACTION TAKEN
1	Lack of Community health Camp visits	Community health camp visits were temporarily suspended since the COVID outbreak. Same will be re-initiated based on appropriate prevailing conditions
2	Curriculum should be revised according to global advancements with more practical knowledge	The same has been forwarded to Board of Studies for further discussion regarding feasibility and incorporation into curriculum

Alumni Feedback

Sr No	SUGGESTIONS	ACTION TAKEN
1	Can start job placements. Implement classes in the first year that teach business. It's such an important subject that schools should be teaching in order to put your foot out the door	It was resolved that various agencies be hired for enhancing competency, skill-development, employability and entrepreneurial skills

Teachers' Feedback

Sr No	SUGGESTIONS	ACTION TAKEN
1	I suggest annual curriculum revision and integration of IPR in the UG curriculum.	The same has been forwarded to Board of Studies for further discussion regarding feasibility and incorporation into final year curriculum

Krishna Institute of Allied Sciences

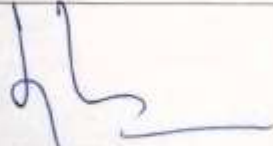

STAKEHOLDER FEEDBACK - ACTION TAKEN REPORT

Student's Feedback

SUGGESTION	ACTION TAKEN
Please focus on laboratory facilities, timetable, lectures	It was resolved in the College Council meeting held in the month of January 2022 that quality and quantity of laboratory facilities be improved along with the increase in the number of dedicated lecture halls and accordingly appropriate revision in lectures and practicals time table be done.

Teacher's Feedback

SUGGESTION	ACTION TAKEN
Academic programs of Allied Sciences can be updated with the active involvement of industries as knowledge partners to cope up with the requirements of the industrial sector	Memorandum of Understanding (MoU) had been signed by the university with some industries as knowledge partners. Already academic collaborations with Industries, (Industrial visits, guest lectures etc.) is going on. To enhance it further, it was resolved in the College Council meeting held in the month of January 2022 that guest lectures and other academic programmes from appropriate and relevant industrial personnel/academic institutes be increased for better employability and enhancement of entrepreneurial skills.

KRISHNA INSTITUTE OF MEDICAL SCIENCES Stakeholder Feedback – Action Taken Report

Students' Feedback

Sr No	Suggestions	Action Taken
1	Revision in form of small lectures (not tests) of syllabus completed in class	It was resolved that revision lectures covering important topics be organized for all batches, before prelims, from the academic year 2022-23 onwards
2	NEET-PG guidance should be provided by the institute. Career approaches after MBBS 'not only' pertaining to medical field can be given.	NEET PG guidance is provided to all MBBS Interns before the end of their tenure. It was resolved that non-medical future opportunities' guidance be initiated in the above career guidance programmes from the academic year 2022-23 onwards
3	More extension visits should be conducted. All the other activities conducted are very good	'Family Adoption' programme has been made mandatory by the National Medical Commission's Competency Based Medical Education based curriculum. The same has been implemented for new admission batches and will help increase the number of field visits during the MBBS tenure
4	Encourage more extracurricular participation among students	It was resolved that more participation at the inter-collegiate cultural and sporting events be encouraged among under-graduate students

Teachers' Feedback

Sr No	Suggestions	Action Taken
1	Increase the number of journals in library	It was resolved that the number of national and international journal subscriptions be increased and their names be intimated to Library Committee with immediate effect

Professionals' Feedback

Sr No	Suggestions	Action Taken
1	Academic Credit Bank system & start-up centres in Health sciences can add to Students' exposure to Quality Innovative Education.	'Academic Bank of Credits' has been implemented since 2021. It was resolved that the number of medical programmes under 'Choice Based Credit System' be enhanced regularly based on need analysis.

SCHOOL OF DENTAL SCIENCES

SCHOOL OF DENTAL SCIENCES Stakeholder Feedback – Action Taken Report

Students' Feedback

Sr No	Suggestions	Action Taken
1	More programs on problem based learning with visual effects and guidance for the same.	It was resolved that scheduled visits to 'Simulation Labs' be planned for under-graduate BDS students from 3 rd Year onwards for enhanced learning experience
2	More inter college activities can be initiated by the institute	It was resolved that national level under-graduate and post-graduate conferences/workshops be conducted annually
3	1. Dental library hours to be extended 2. Dewaxing and Acrylizing unit needed in Evening lab PROSTHO department	1. It was resolved that the college library hours be extended from current 09:00am - 05:00 pm to 09:00am – 09:00pm on weekends with immediate effect 2. It was also resolved that the necessary equipment be made available in the evening lab of Prosthodontics department at the earliest
4	I think inclusion of more co- curricular activities on a regular basis is needed like a singing/music community; sports community; drama community etc because it not just has a positive psychological impact on a student but is also a plus point in the college prospectus	It was resolved that the matter be discussed in the agenda of upcoming 'Board of Studies' (BOS) meeting.

Teachers' Feedback

Sr No	Suggestions	Action Taken
1	Staff exchange programs with eminent universities should be encouraged. Staff recreational activities should be increased	As per existing Memorandum of Understanding, exchange program has been initiated with DY Patil Dental College, Pune. One more program with Saveetha Dental college, Chennai is in progress. It was resolved that additional recreational activities be planned for staff.

KRISHNA COLLEGE OF PHYSIOTHERAPY Stakeholder Feedback – Action Taken Report

Students' Feedback

Sr No	Suggestions	Action Taken
1	Medical camps to learn communication skill with patients and to learn medical skills. A college picnic for refreshment.	It was resolved that the number of medical camps be increased with immediate effect and an 'Annual Picnic' be organized every year for IInd Year and Final Year BPTd students
2	Guidance about placement and further options for post-graduation and fellowship should be given to the students.	It was resolved that at least 2 compulsory career guidance lectures be scheduled for outgoing students on an annual basis
3	The central library should also provide books for physiotherapy students	It was resolved that an official request be forwarded to Library Committee for immediate action

Teachers' Feedback

Sr No	Suggestions	Action Taken
1	Integration Research and Intellectual Property generation in UG curriculum	It was resolved that the same be discussed in the upcoming Board of Studies (BOS) agenda for implementation wherever permissible
2	Curriculum is very conventional; CBCS or CBME should be implemented in Physiotherapy	Preliminary work for restructuring the curriculum has begun and it was resolved that the same be discussed in the upcoming BOS agenda for implementation from the academic year 2023-24

Alumni Feedback

Sr No	Suggestions	Action Taken
1	E-learning should be improved	KIMS Digital Library has vast content specific to Physiotherapy. And the same is updated every year with more relevant and updated content.

Professionals' Feedback

Sr No	Suggestions	Action Taken
1	Use of OSCE/OSPE methods for evaluation of skills will be beneficial addition.	Preliminary work for restructuring the curriculum for incorporating OSCE/OSPE as new evaluation methods has been initiated in academic year 2022-23 and it was resolved that the experience and feedback be discussed in the upcoming BOS agenda for implementation from the academic year 2023-24

Professionals' Feedback

Sr. No.	SUGGESTIONS	ACTION TAKEN
1	Industrial exposure is required for UG students Industry institute interactions Procurement of advance instruments for UG and PG courses	It was resolved and made mandatory to have industrial training of 150 hours for B.Pharm (Final Year) students. Industry expert talks are also organized on regular basis. Placed the order for advanced sophisticated instruments like FTIR, Texture analyzer etc.
2	Teachers should develop interest in the students regarding the research and higher education. and also give some practical assignment like collecting and discussing the prescription and pathology reports available in the students' home	The concept of practice school and project work for the students is being practiced. Research orientations program has been implemented for first year B.Pharm students from academic year 2022-23 by Directorate of Research KIMSDU, Karad. The three postgraduate departments will be functioning full-fledged from academic year 2022-23 which will boost and encourage the research culture in the institute.
3	Design of problem-based learning and OSPE modules could be developed in few subjects for higher classes.	Different student centric methods have been developed and as a part of the same, problem-based learning and OSPE modules' scope will be broadened and will be implemented after approval in the upcoming Board of Studies meeting.

KRISHNA INSTITUTE OF ALLIED SCIENCES

Stakeholder Feedback – Action Taken Report

Students' Feedback

Sr. No	Suggestions	Action Taken
1	Cultural and sports activities should be encouraged. Students should be encouraged in research	Various cultural programmes have been planned in the academic year 2022-23. According to new revised syllabus, we have added projects in all semesters to encourage students in research from the academic year 2022-23 onwards
2	Use some advanced technology; instrument in practical	As per new revised syllabus in 2022-23, advanced practicals will be conducted with new additional instruments procured e.g. fermenter, weather station, chromatography, etc.
3	Work on library books	It is resolved that purchase order for latest editions of standard textbooks, new books covering advanced topics and e-books be placed and forwarded to Central Library
4	Require more staff; good administration as well as good equipment also needed.	Faculty strength has been improved with the recruitment of 8 new members in the academic year 2022-23. It was resolved that purchase order for new equipment be placed and the same be incorporated in labs from the academic year 2022-23 onwards

Teachers' Feedback

Sr No	Suggestions	Action Taken
1	Industry-Academic connect can be improved to provide real time knowledge to the students.	It was resolved that industrial collaborations be improved and post-graduate dissertation/research be planned under the guidance of industrial experts. The same be discussed in the agenda of upcoming Board of Studies (BOS) meeting.

SCHOOL OF DENTAL SCIENCES
Stakeholder Feedback – Action Taken Report

Students' Feedback

Sr No	Suggestions	Action Taken
1	Field and industrial visits should be increased	Field and industrial visits are already arranged annually as per DCI norms. It was resolved that more such visits be arranged every year.
2	Hands -on programs in tie up with other organization or other colleges	Hands-on program in association with international industries like 3M, Ivoclar Vivadent and Carestream are already conducted regularly for students and staff. It was resolved to conduct more such programs in association with other colleges and organizations of national and international repute
3	The reimbursement for students for the conferences has been stopped which is a major disappointment as it would stop us students from getting into any conferences and representing the college as these reimbursements help with managing the finances of the conference. It was a major reason to join the course in this college that has been suddenly discontinued.	University observed that the re-imbursement provision for all students attending conferences was not achieving the desired results. Hence it was resolved that only those students having valid research paper presentations with proof of approval from the conference secretariat be extended the provision.
4	Digital methods should be implemented for institutional protocol and ethical clearance presentations. As more paper is wasted in the process of research approval.	It was resolved that appropriate digital methods be employed by Institutional Protocol and Ethical Committee, as per feasibility and regulatory requirements, thereby minimizing paper prints.

**KRISHNA INSTITUTE OF PHARMACY
Stakeholder Feedback – Action Taken Report**

Students' Feedback

Sr No	Suggestions	Action Taken
1	Please improve library facility And classroom infrastructure.	Seventy journals have been subscribed from Elsevier database, to enrich knowledge base of library. It was resolved that more books (latest editions) be added to Pharmacy Faculty library covering all related aspects of pharmacy. However central library of the university, having all state-of-the-art facilities, is also available for Pharmacy students. Classrooms have been modified recently with smart boards and LCDs with internet connections.
2	Pharmacy college computer labs need to have more number of computers and software so that pharmacology practical will be performed by each student.	Fifteen new computers have been installed, in the Academic Year 2023-24, in a separate computer lab, with new Virtual Pharmacology, Animal Simulator, Computer Assisted Learning Software "Ex-Pharm" for a better learning experience.

Teachers' Feedback

Sr No	Suggestions	Action Taken
1	Organization and participation of students in extracurricular activities should be increased	Extracurricular sports activities have been newly introduced in the Academic Year 2023-24 and it was resolved that the same be continued as an annual event.

KRISHNA INSTITUTE OF MEDICAL SCIENCES
Stakeholder Feedback – Action Taken Report

Students' Feedback

Sr No	Suggestions	Action Taken
1	The academics end of the college is really excellent. But measures should be taken to help the students build their soft skills and personality. Workshops should be organized under the AETCOM framework for personality development and soft skill training. It is usually observed that students tend to have a lot of knowledge and are well trained but lack a personality that backs that knowledge.	It was resolved that personality development and soft skill training under AETCOM be introduced for under-graduate students from the Academic Year 2024-25
2	Please introduce more of case based studies in subjects that are needed for USMLE and other international examinations. These need to be introduced into final year as well as 1 st and 2 nd and 3 rd year	Focus on application-oriented studies have been introduced through case scenario based Multiple Choice Questions and Objective Structured Practical and Clinical Examination from Phase I MBBS onwards as per recommendations of National Medical Commission. Additionally, the institute has been organizing Orientation Programmes for National and International Programmes during Final Year MBBS and Internship

Teachers' Feedback

Sr No	Suggestions	Action Taken
1	Materials for professional and social skill development to be provided for PGs.	It was resolved that Professional and Social Skills Development Programmes be introduced for Post-Graduate students from the Academic Year 2024-25

Professionals' Feedback

Sr No	Suggestions	Action Taken
1	While attending theory examination students to be strictly inform to mention question number & options correctly and highlight each question; so that it's easy while evaluating the answer sheets.	It was resolved that the exam supervisors be instructed to strictly implement these suggestions for both formative and summative examination, with immediate effect.
2	Please add few topics regarding evidence based practice in the UG syllabus and tele rehabilitation.	It was resolved that the suggestion be discussed in the upcoming Board of Studies meeting for appropriate implementation.

Alumni Feedback

Sr No	Suggestions	Action Taken
1	There needs to be more focus on training and creating a mindset that allows broader thinking of a patient and not just about diagnosing and treating. In addition limited duration of treatment with effective methods to achieve planed rehab goals should be the main focus of the curriculum.	For the 3 rd & 4 th year BPTd interns and post graduate students, problem-based learning has been initiated in the form of small group teaching under the mentorship of each Head of the Department.
2	The University needs to have a grading policy, so as the outgoing students of all faculty can correlate their academic performance in terms of GPA and CGPA.	From academic year 2023-24 onwards CBCS and CGPA credit system has been already implemented.

1	Should be taught about NABH and nursing excellence.	It was resolved that the introduction of a comprehensive module on NABH and Nursing Excellence, for undergraduate students, be discussed for feasibility and implementation in the forthcoming Board of Studies meeting. The module should cover key areas such as Nursing Resource Management, Nursing Care of Patients, Management of Medication, Education, Communication and Guidance, Infection Control Practices, Empowerment and Governance, and Nursing Quality Indicators. Additionally, this module should include the ten chapters of NABH standards.

KRISHNA INSTITUTE OF PHARMACY
Stakeholder Feedback – Action Taken Report

Students' Feedback

Sr No	Suggestions	Action Taken
1	Arrange various campus placement drives to get placement	1. A dedicated Placement Committee of faculty, placement officers will be engaging students in companies via email, calls and Linked-In for campus placements. 2. We have planned to conduct workshops on resume writing, interview skills, aptitude tests, and group discussions, with industry experts and alumni providing guidance. 3. Placement drive information is being shared through notice boards, emails, social media and the college website, with regular updates sent. 4. For the Academic Year 2024-2025, we have introduced a certificate course in cosmetic sciences and an executive program in pharmacovigilance.
2	Please give some more holidays after completion of semester exam	Incorporating additional holidays after semester exams is a positive and student-centric approach that addresses their need for rest and recuperation. This time after completion of even semester examination 2023-24, 12 days holidays were given.
3	Please arrange proper annual event	A dedicated Event Committee of faculty, staff, and students planned and executed the annual event from 20.02.2024 to 28.02.2024. The students were dissatisfied as award ceremony was conducted at the time of farewell function which was too late. In coming academic year 2024-25, we have planned to conduct mega-event which will include activities cultural performances, sports competitions, academic presentations, and award ceremonies at the same time.

1	Please encourage the students to face viva during exams. Sometimes they know the answer but afraid of answering the question.	We organized regular mock viva sessions with faculty and senior students as examiners, providing realistic practice and constructive feedback. Resource materials on viva preparation and effective answering techniques were distributed. Counseling services were enhanced to support students with exam-related stress and anxiety. In Academic Year 2024-25, we are planning to take sessions on how to overcome anxiety along with regular viva practice.

Alumni Feedback

Sr No	Suggestions	Action Taken
1	Arrange various campus interviews for better placements	In the Academic Year 2024-25, we have planned to arrange placement drives and campus to corporate sessions to improve interview skills and resume writing.

KRISHNA INSTITUTE OF MEDICAL SCIENCES
Stakeholder Feedback – Action Taken Report
2024-25

Students' Feedback

Sr No	Suggestions	Action Taken
1	More community-based outreach programs are needed in PG to spread awareness regarding mental health.	It was resolved that PGY-II residents from the Department of Psychiatry will be posted regularly for outreach programs providing clinical and IEC activities from the academic year 2025-26.
2	Small group PBL (Problem Based Learning) sessions to improve analytical and critical thinking.	It was resolved that all clinical departments be encouraged to take PBL sessions in their scheduled SGT sessions, from the academic year 2025-26.
3	Please send all the lecture PPTs of all the subjects on the students' WhatsApp group on the same day after the lecture is over so that the students who want to do revisions can do so regularly.	It was resolved that all teachers be encouraged to share their PPTs on the respective students' batch WhatsApp groups after every LGT, from the academic year 2025-26.
4	Institute should conduct strict and supportive separate departments for sports/physical activities as per NMC curriculum. Sports might help them develop sense of sportsmanship; never giving up spirit; friendship/bond and respect to guru in that pursuit.	It was resolved that a requirement for Yoga and Sports Instructor be forwarded to the University for feasibility assessment and further necessary action.
5	All postgraduate students pose great stress it would be healthier if sports are arranged for PG students	It was resolved that extra-curricular activities be organized at regular intervals for PG students. Suggestions have been invited from all departments with postgraduate students which will be discussed in the forthcoming meeting and implemented based on feasibility.

Teachers' Feedback

Sr No	Suggestions	Action Taken
1	Should start FOGSI affiliated courses like sonography for students who have passed PG in OBGY	It was resolved that the in the upcoming Board of Studies meeting of the Department of OBGY, feasibility and applicability of implementing FOGSI affiliated USG training programmes be considered.

Stakeholder Feedback – Action Taken Report
2024-25

Students' Feedback

Sr No	Suggestions	Action Taken
1	Institute must work on infrastructure.	Maintenance committee has been formed to identify and prioritize infrastructure repairs and upgrades. Work on improvements and extra floor of building construction for PG and Ph.D is going on in a phased manner.
2	Need to improve KIPS library	There are 6,203 books presently in the library and 2,000 new books were added. Library has also purchased Wolters Kluwer UpToDate Lexidrug database. Given the presence of four academic disciplines and a growing student population, the existing library space is inadequate. The library extension plan has been approved and will be implemented shortly. The Examination department will be relocated next to the office, which is currently adjacent to the library.

Teacher's Feedback

Sr No	Suggestions	Action Taken
1.	Students' class strength for the theory lecture should be up to 60.	College council has taken note of the suggestion and its feasibility will be assessed for implementation from the academic year 2025-26.

Students' Feedback

Sr No	Suggestions	Action Taken
1	Should organize more hands-on training sessions and certificate courses which can add core value and internship programs for the same	It was resolved that feasibility of the following curricular enhancements be discussed in the upcoming Board of Studies meeting: • Introduction of additional hands-on training sessions through practical workshops and live demonstrations • Enhancement of already included value-added courses through collaborations with industry experts and external organizations to align with current industry demands and improve practical relevance • Student internships, in partnership with food industries, dairy units, and nutrition clinics to provide students with real-world exposure

Teacher's Feedback

Sr No	Suggestions	Action Taken
1	Cultural activities and sports activity are needed to reduce the stress of the mind	Cultural and sports activities are an integral part of the institution's regular co-curricular framework, aimed at promoting mental well-being, creativity, and team spirit among students. Events such as annual cultural fests, music and dance competitions, sports tournaments, yoga sessions, and art exhibitions are conducted throughout the academic year. For the 2025–26 academic year, the institution plans to: • Introduce wellness-focused events, such as mindfulness workshops, stress management seminars, and recreational clubs. • Increase participation opportunities by organizing inter-departmental and inter-collegiate competitions. • Schedule these activities within the academic calendar to ensure balance between academics and personal development. These initiatives are already in regular practice and will continue to evolve in response to student needs and feedback.

Sr No	Suggestions	Action Taken
1	Conduct the webinar, Conferences, Drug discovery, and development related webinars to curriculum activity	- Curriculum-integrated webinars and expert talks focusing on drug discovery, development processes, and recent advancements in the pharmaceutical and biotechnology sectors are planned for the 2025–26 academic year. - The National-level Student Conference "Biomake in India – II" was successfully conducted in January 2025. This conference is now planned to be held annually to provide a consistent platform for student-led research presentations and innovations and to foster research-oriented learning and encourage interdisciplinary collaboration among students. - Collaborations with academic institutions, R&D centers, and industry professionals are being initiated to facilitate high-impact virtual sessions and workshops. - All these activities are being incorporated into the 2025–26 academic calendar to ensure systematic implementation and maximum student participation.

Professional's Feedback

Sr No	Suggestions	Action Taken
1	The syllabus needs feedback from Industry experts so that students will be ready to face industrial challenges, in addition, if possible, visits to industries, clinical lab, research institutes etc. For the final year students will add value	Industry expert feedback on curriculum is already a part of the regular academic review process. Feedback is collected through BOS (Board of Studies) meetings and advisory panels to ensure the curriculum remains aligned with current industry trends and expectations. Industrial visits, clinical laboratory exposures, and research institute tours are regularly conducted for final-year students to provide real-world insights and practical learning experiences. For the 2025–26 academic year, these initiatives will be further strengthened by: - Expanding partnerships with more industries and research organizations. - Scheduling additional field visits and guest lectures by industry professionals. - Documenting expert feedback for structured curriculum revision processes. These activities are institutionalized as part of regular academic practice and are continually improved to enhance student readiness for industrial and research careers.
