**2<sup>ND</sup> International**

**ONCO SCIENTIFICA 2026** (Hybrid Mode)

**Theme:** Preventive, Curative, and Rehabilitation approaches for Breast Cancer

**Date : 04 Feb, 2026**

**Time : 09.00 AM**

**Venue : Jupiter Hall and Zoom Platform** 

# *Welcome to* **Krishna Vishwa Vidyapeeth, Karad!**

Dear Delegates,

**Greetings from Krishna Vishwa Vidyapeeth, Karad!**

## *About the University*

**Krishna Vishwa Vidyapeeth, Karad**, is a distinguished Deemed-to-be University committed to excellence in **EDUCATION, RESEARCH, and HEALTHCARE**.

Established with the vision of nurturing competent professionals and responsible global citizens, the university offers a dynamic academic environment that fosters **INNOVATION, INTEGRITY, and INTERDISCIPLINARY LEARNING**.

Renowned for its strong foundation in **MEDICAL, ALLIED HEALTH SCIENCES, and PROFESSIONAL EDUCATION**, Krishna Vishwa Vidyapeeth integrates modern infrastructure with experienced faculty and industry-relevant curricula.

The institution emphasizes **HOLISTIC DEVELOPMENT** through academic rigor, ethical values, community engagement, and research-driven practices.

With a legacy of **QUALITY EDUCATION** and a **STUDENT-CENTRIC** approach, **Krishna Vishwa Vidyapeeth** continues to contribute significantly to nation-building by producing skilled professionals dedicated to **SERVICE, LEADERSHIP, and LIFELONG LEARNING**.

# About the Conference

The 2nd International Onco Scientifica Conference 2026, scheduled to be held on 04 February 2026, is a focused academic and clinical forum dedicated to advancing the role of Physiotherapy in breast cancer management across the domains of prevention, treatment support, and rehabilitation.

This year's conference places special emphasis on evidence-based Oncologic Physiotherapy interventions for breast cancer, addressing the diverse physical and functional challenges encountered during and after medical and surgical treatment. The scientific program is designed to enhance understanding of comprehensive rehabilitation strategies including postoperative recovery, lymphedema management, pain and fatigue control, shoulder dysfunction, postural correction, functional mobility, and long-term survivorship care.

Through expert keynote lectures, scientific sessions, and clinical discussions, participants will gain insights into current treatment protocols, emerging rehabilitation techniques, recent research advancements, and multidisciplinary approaches that contribute to improved patient outcomes and quality of life.

The conference aims to serve as a platform for physiotherapists, oncologists, healthcare professionals, academicians, and students to exchange knowledge, strengthen professional competencies, and foster collaboration in the evolving field of oncology rehabilitation.
